COAL STRIKE IS UNDER WAY

SIAMESE TWINS ARE DEAD

Rosa Dies in Few Seconds After Josefa Expires

BROTHER FORBIDS OPERATION

Physician Seeks to Separate Sisters to Save One

CHICAGO—(Associated Press)—Josefa and Rosa Blazek, the "Siamese Twins," died at a hospital here early this morning. Josefa's death occurred first and was followed a few seconds by the death of her sister. Physicians had declared early in the night that in the event of the death of one of the sisters, the other would die quickly as their blood was connected by a single artery.

Altho the twins possessed separate respiratory and cardiac systems, Dr. Breakstone explained that they had only one set of secondary digestive and prostatic organs. The operation, he said, would have necessitated the building up of a part of the digestive and other essential organs to save the life of one twin.

FATHER STILL LIVING
Rosa was once married, her name being Rosa Blazek Dvorak. She is survived by a normal 11-year-old boy. Her husband was a captain in the German army and was killed in action in 1917. She was married fifteen years ago. Josefa never married. The little son, Frank, has been at the bedside of his mother, who until the last few hours was less critically ill than Josefa.

The twins were the second offspring of normal parents in Szecho-Slovakia forty-two years ago. There were four other children, all normal and all still living. The father is also said to be alive, his age being 35 years. The mother died a year ago at the age of 65 years.

The twins had been in the hospital ten days. Josefa was ill with yellow jaundice and that was noted as pneumonia. Shortly before her death Rosa was afflicted with bronchitis. PREPARED TO OPERATE
Preparations had been made for the severing operation and the physicians were ready to make every effort to save the life of at least one of the women. Hope of saving the life of Josefa was abandoned at midnight, according to Dr. B. H. Breakstone, chief of the surgical staff at the hospital.

"I tried to get the consent of the brother to operate to save the life of Rosa but he refused to give his permission," added the physician. Dr. Breakstone explained that a delicate operation would have been necessary before their death he had expressed the opinion that the physiological affinity of the twins was so vital that if one should die the other might also succumb before the band of flesh and bone that joins them could be severed.

WPAITH ACQUIRED
During a tour of the world the twins acquired considerable wealth. They died without making a will and their attorney has been at the hospital several days in the hope that they would be in condition to dictate the document.

As the women grew weaker last night physicians pleaded with the brother to permit an operation, hospital attendants stated. He was the only adult relative capable under the Illinois law of giving his consent.

"No," the brother was quoted as having said, "I do not even if Rosa lives for two days after Josefa's death. There shall be no operation."

Dr. J. Otagrove, personal physician of the twins, appealed to the brother without success. Then their attorney was asked to intervene but he declined to assume responsibility.

Two hours past midnight Dr. Breakstone said there was no need of prolonging the argument with the brother. "It is useless," he said. "The condition of each is now the same—the condition that forecasts certain death. An operation would do no good."

GRADUAL DECLINE
The two patients have had a gradual decline according to the chart which hung in their sick room. The physicians said the women reacted differently to the same medicine altho their illness recently has been of the same nature.

Medical records recalled by physicians who have been interested in the case disclose a number of so-called Siamese twins. The original Siamese twins, Chang and Eng, lived to the age of 64. They married sisters and Chang had six children and Eng five, all of them normal. Eng died first and a surgeon separated them. Chang died soon after.

Twins that have attracted worldwide fame include the Hindu Sisters, who were joined face to face; the Newport twins, who were joined at the neck; the Orissa Sisters, Radica and Daddica, joined side to side; the Biddenden Maids connected shoulder to shoulder with only two arms; the Hungarian Sisters, Helen and Judith, joined back to back at the lower segment of the spine; and the North Carolina Sisters, Milie and Christine, joined as were the Hungarian Sisters; and the Bobemian twins, Rosetta and Josepha, connected in the same manner as the twins who just died. Their connection was thru the pelvis, the right hip of one and the left of the other being fused together.

MINERS' CHIEFS, IN CLEVELAND, PLAN FOR BATTLE

Just before the policy committee of 116 members of the United Mine Workers of America opened deliberations in the Hollenden Hotel, Cleveland, the three international leaders posed for this picture. Left to right, Phillo Murray, vice president; John L. Lewis, president; William Green, secretary-treasurer.

FAITH UNSHAKEN BY DEATH PLOT

Pennsylvania Husband Fights For Accused Wife

DEFENDS WOMAN ON TRIAL

Mate's Alleged Lover Confesses Conspiracy to Kill

KITTANNING, Pa. — (United Press). — A husband's faith in his wife may solve the riddle of one of the most complex of "eternal triangles."

Dr. John Whann, whose wife and an alleged lover are on trial for attempting to murder him, today declared confidence in his wife's innocence and directed her defense.

Despite the alleged confession of Eugene Sanz, a young and handsome Cuban, that he was Mrs. Whann's lover and that together they plotted the aged doctor's death "so as to start life anew," Dr. Whann announced he would spare no effort to have his wife freed from the charge.

Sanz confessed, according to the police, that he clubbed Dr. Whann over the head and set fire to the house where he had been admitted as a ward. The Cuban youth had received many kindnesses from Dr. Whann, but calmly admitted he attempted to slay his benefactor at the suggestion of Mrs. Whann, with whom he was in love.

Dr. Whann was reputed to be wealthy. The attack occurred last December.

Beside her husband in court today, Mrs. Whann listened to testimony of Detective Charles Best, who arrested her.

Three women are on the jury hearing the case.

TRANS-ATLANTIC FLIGHT STARTED

Aviators on Way From Lisbon to Pernambuco

LISBON — (Associated Press). — The attempted flight from Lisbon to Pernambuco, Brazil, was started this morning, the naval Captains Saadara and Coutinho taking the air at seven o'clock. They hope to make the trans-Atlantic passage of more than 4,000 miles in sixty hours actual flying time. They expect to arrive in Brazil by April 15.

The first stop will be at the Canary Islands, thence the route is by way of the Cape Verde Islands and Fernando Noronha, a short distance northeast of Pernambuco.

The flight from the Cape Verde Islands to Fernando Noronha is attended with considerable risk as the only precaution taken for the safety of the aviators has been the stationing of three Portuguese cruisers along the line of flight.

CITY SHAKEN BY EARTHQUAKE

MEMPHIS, Tenn. — (By Associated Press). — A distinct earth tremor, continuing for three or four seconds, was felt here at 10:53 o'clock today. Windows were rattled and a number of reports were received by the United States weather bureau that pictures and mirrors had been shaken from walls in various parts of the city. No damage was reported.

JAPAN BANS SALE OF LIQUOR TO MINORS

WESTERVILLE — Dr. Earnest H. Cherrington, general secretary of the World League Against Alcoholism, has received a wireless message from Tokyo stating that both houses of the Japanese parliament has passed, effective April 1, the bill forbidding sale of liquor to minors.

With the exception of one restricted measure, the bill just enacted is declared to be the first measure ever enacted in the Japanese empire affecting the traffic in intoxicating liquors. The present measure was introduced 19 times and had passed the lower house ten times only to meet with defeat in the upper chamber.

KIDDED TO DEATH IS SMOKE BAN

Chicago Council Makes Joke of Cigaret Ordinance

CHICAGO — (Special). With nine women puffing cigars in the gallery, the City Council today literally "kidded to death" Alderman John H. Lyle's proposal that the use of "fags" in public by women be banned under penalty of fines ranging from \$10 to \$100.

When the women "lit up" the Alderman left their seats and crowded around the rostrum to catch a better view of the scene. Alderman Richert then rose and indignantly inquired who gave permission for all the foolishness. "It's positively disrespectful! I want to know who it is that is making a fool out of the City Council!" he shouted.

Meanwhile a Sergeant-at-Arms had arrived in the gallery and ordered the women to throw away their cigarettes or leave. They started to argue, but when Alderman Richert hurled his remarks they left.

When the anti-cigaret ordinance was read Alderman Kottner presented an amendment which follows in part:

"It shall be unlawful for any woman to appear in any public place wearing rolled stockings, skirts shorter than four inches above the ground, pencilled eyebrows, bobbed hair, unless enclosed in a hair net, or gloves, unless buckled, or low-cut dresses, unless approved by the City Morals Commission."

Alderman Schwartz then proposed a substitute ordinance providing for the formation of a "Bureau of Don'ts" the members to be selected from among the ranks of the "reformers, hypocrites, bigots, professional agitators and peanut-headed muckrakers" and that any person "living, dying, breathing, etc. without a license be fined \$5,000 for the first offense and \$10,000 for subsequent offenses."

Other joke-substitutes were proposed and when the vote was cast it was unanimous against Lyle's plan.

MILLS TO REOPEN

Steel Operations Will Be Largely Increased Monday

PITTSBURGH — (Associated Press). — Largely increased operations in the furnaces and mills of the Carnegie Company through the Pittsburgh district were assured today by announcement that the 72 inch and the 110 inch mills at the Homestead plant were to be reopened at once and idle departments at the Duquesne plant were also to become active before next Monday. This assures practically complete operation of two company's largest units. All blast furnaces at these plants are on the active schedule for next week. The last of the group of furnaces in Farrell, Pa., will be blown in within a day or two while continued activity for the Youngstown district was assured in official circles.

BARRACKS SEIZED BY IRISH REBELS

Police Posts Stormed by Republican Troopers

MOTOR LORRIES ALSO TAKEN

Free State Government Powerless to Check Uprising

P-I — BARRACKS SEIZED
DUBLIN — (United Press). — Civil war in southern Ireland became a reality today.

Rebel troops of the Irish republican army seized and demolished the plant of the free state's leading newspaper, the Freeman's Journal. Police barracks were seized throughout the country, all the motor lorries in Cork City were commandeered for rebel troops movements and numerous murders occurred.

Revolting Irish Republican Army troops, about 8,000 strong, all told, were being mastered and drilled in county Limerick and county Cork. The provisional government, without its leaders, who were in London, negotiating with Ulster representatives and the British government, seemed powerless to check these preparations for revolt.

Two hundred free state troopers at Remore Barracks, Galway, gave way to the rebels and retired without offering opposition. Frequent raids into Ulster territory, including the kidnapping of 15 constables and the setting fire to many police barracks and buildings marked the border warfare but the Republican revolt against the free state, confined to the south of Ireland, was the most serious development.

NEWSPAPER RAIDED
The Freeman's Journal plant, just across the street from the Metropolitan police barracks in Dublin, was raided by over 100 Irish rebel troops. Fifteen men lined up along the front of the building, while others entered, smashed machinery, assaulted Harry Moore, a Canadian, the paper's managing editor, and succeeded in completely demolishing the plant.

The paper which was intensely loyal to Sinn Fein before establishment of the free state, has recently supported Collins, Griffith and the provisional government. Its suppression is in line with the "military dictatorship" of Ireland, announced by rebel leaders after the convention of Sunday.

APPEAL TO IRISH
LONDON — (United Press). — A mutual appeal to halt Irish unrest was considered by Sir James Craig and Michael Collins, when the Irish conference sub-committee met at the Colonial office shortly before noon today.

Satisfactory progress towards an agreement whereby each leader would attempt to check his followers, was made. Arthur Griffith, Lord Londonderry, Winston Churchill and Sir Leming Worthington-Evans, secretary of war, attended the meeting.

POMERENE SPEAKS
CLEVELAND — United States Senator Alton Pomerene of Canton is here today for a three day visit. He addressed the Chamber of Industry at noon today and tonight will address the Cleveland Association of Credit Men on "The Great Lakes-St. Lawrence Waterway Project."

FIRE TAKES \$10,000 TOLL
AKRON — Firemen from Akron and Barberton early today succeeded in checking a fire which threatened to destroy the business section of Doyleston, a village south of here. Loss is estimated at \$10,000. Miller and Enderline Electrical Supply Company was burned out. Martin's clothing store, Odd Fellows' Temple and residence of O. A. Brouse were damaged. Origin of the blaze is unknown.

LIFE STORY TOLD BY MISS STONE

Accused Murderess Reveals Relations With Kinkead

NEAR COLLAPSE ON STAND

Illegal Operation Performed, She Tells Court

NEW YORK — (Associated Press). — Miss Olivia M. P. Stone wept as she went on the witness chair in supreme court in Brooklyn in her fight to escape electrocution for slaying Ellis Guy Kinkead, former corporation counsel of Cincinnati.

Between sobs, she began telling of how as a trained nurse, she went to Yale Hall in Atlantic City, May 18, 1918, to attend Kinkead. Her story was interrupted while Mrs. Mary Brennan, matron of the Raymond-st jail, wiped her eyes and gave her a glass of water. Then she resumed her testimony, recounting the story of her life.

On the steps of the city hall, she said, Kinkead told her that there was another woman in Cincinnati who had a claim on him and that he could not go thru a formal ceremony just then. He slipped a wedding ring on her finger, she said, and told her that he was so prominent a lawyer that he knew the simpler ceremony was just as legal and he had enough influence to straighten the whole matter out.

She said she believed him and that they went to the Marlborough-Blenheim and registered as Mr. and Mrs. Ellis G. Kinkead of Cincinnati. Then she described her "honeymoon" in Atlantic City and New York.

In the fall, she said, she found she was going to have a child and Kinkead took her to the Dewey apartments in Atlantic City, where she said she was introduced as Mrs. Kinkead.

About September 10, 1918, she said, she had to move because Kinkead said a "woman of the underworld" was coming from Cincinnati to look for him. In reply to a question by her attorney she said Kinkead told her this woman was Marie Louise Gormley, who the defense contends became Mrs. Kinkead.

The widow, a close spectator at the trial, grinned as it at a good joke, when this testimony was given.

LANCKER IS HERE

Dayton Man, to Become Police Chief Saturday, Arrives

Thomas A. Lancker, Lima's new police chief, arrived in the city Thursday, preparatory to taking charge of the department Saturday. He has been visiting at Grand Rapids for a few days, he said.

Chief Morton F. Dawson, who has guided the destinies of the force continuously since December 31, will retire from the department.

Lancker visited Manager C. A. Bingham, for a short conference, and later went to the home of his brother, James H. Lancker, 443 Hazel-ave. Thursday afternoon the new chief and Manager Bingham made the rounds of the city, to investigate conditions here. Lancker stated he had nothing to announce regarding his policy as chief and would say nothing at present.

"I don't know conditions here," he said, "but am to look over the department this afternoon."

Lancker will remain in Lima until April 1 he said, and then step in as chief.

Not a few changes in the personnel of the force are forecasted after Lancker takes control.

JOIN DISABLED VETERANS
CINCINNATI — Colonel Hanford MacNider, national commander of the American Legion, has become a member of the Disabled American Veterans of the World War, according to announcement made at the national headquarters of the latter organization here last night. The announcement said that Colonel Theodore Roosevelt, Jr., assistant secretary of the navy, and Captain Bob Woodside, national commander of foreign wars, have also become members.

BIG STRIKES SUMMARIZED

Former big mine strikes—five in number—are summarized as follows:

1891—First general strike in the soft coal industry; 100,000 to 150,000 men engaged and militia called out in four states; first attempt at a compromise failed, but second conference of miners and operators ended with adoption of a scale agreement.

1897—July 4th walkout of 150,000 miners, called to deplete overstocked coal market; strike was called off after 12 weeks' duration, at the end of which the market had been depleted; first great successful strike of the U. M. W. of A.

1900—Anthracite strike in September and October, engaged 132,000 and ended with miners getting 10 to 16 per cent increase in wages.

1902 — Great anthracite strike lasted 23 weeks; 140,000 men engaged, and finally called off when President Roosevelt appointed a commission that afterward gave the miners a 10 per cent wage advance, and made their contract for three years, ending April 1, 1906.

1919—Nation-wide soft coal strike in November and December of 235,000 miners called off by union in compliance with a court injunction, commission later appointed by President Wilson gave miners an increase of approximately 27 per cent in wages—the largest single increase.

DRYS OPEN WAR ON LIQUOR VOTE

Court Action to Halt Ohio Movement Threatened

COLUMBUS — (Associated Press). — Asserting that the proposed submission of a constitutional amendment to legalize the manufacture of light wines and beer would mean only the taking of "a straw vote" at a cost to the taxpayer of at least \$200,000, James A. White, superintendent of the Anti-Saloon League, announced in a statement today that legal action will be taken to prevent submission of the amendment as soon as the petitions are filed with the secretary of state.

Quoting from a recent federal supreme court decision that a "state government cannot legalize what a federal constitution and laws prohibit," Mr. White asserted that the vets are "seeking to use the constitution of Ohio as a door mat in order to have a straw vote taken which will mean nothing if approved and are asking taxpayers of Ohio to pay the bill."

WILL FILE PROTEST
"We will file a legal protest against this useless expenditure of money with the secretary of state the moment the petition with the required number of signatures is filed with him and by this method seek to determine by mandamus the legal questions involved, by the supreme court at once."

"We are simply insisting that the eighteenth amendment, shall do so by the method provided in the federal constitution, not by camouflage, back-door, indirect methods."

White asserts that "the vets claim that this vote is sought to 'show whether a change in sentiment on prohibition has taken place, and that it can have no effect until similar action is taken by congress.' In other words, they are attempting to use the initiative and referendum principle on a question already settled by proper constitutional action, both state and national, in opposition of the fundamental law of the land."

DRAWN LIFE TERM

Dayton Man Sentenced for Murder of Wife

DAYTON — (United Press). — A jury on which there were four women, found George E. Smith guilty of murder in the first degree but recommended mercy on instruction of the court, and the penalty was fixed at life imprisonment. Smith, when his trial opened, entered a plea of guilty and only one witness was heard to determine the degree of the crime.

Smith shot his wife following domestic troubles, as the result of an alleged triangle, and his stepson, Harold Kuntz, who was blinded by the shooting. Smith will go to the penitentiary possibly tomorrow.

WOMAN SENTENCED
CLEVELAND — The first woman autist to receive a workhouse sentence in the traffic crusade here, is Mrs. Elizabeth Cheney.

Mrs. Cheney was sentenced to two days in the workhouse by Judge Corbett today, when she pleaded guilty to passing a standing street car.

WALKOUT BEGINS IN TWO STATES

Miners of Ohio and Illinois Dropping Their Tools

WAR CABINET IN SESSION

Meeting Held at Indianapolis for Final Plans

The great coal walkout started today in Ohio and Illinois.

Altho the official hour for nationwide suspension of work by 540,000 men is midnight tomorrow, miners in those two states began dropping their tools today. Half of the southern Ohio mines were idle and those in Illinois commenced shutting down.

The Kansas industrial court was expected to order miners in its jurisdiction to remain at work. The "war cabinet" of the miners met at Indianapolis for final plans. Representatives of operators and miners were summoned to Washington to testify before the house labor committee, which will investigate the causes of the tie-up.

In the anthracite field, likewise, preparations were being made for suspension of work. The sub-scale committee, which had hoped to reach an early settlement of the hard coal dispute, will temporarily adjourn tomorrow.

West Virginia non-union miners were working to pile up a coal reserve. A 30 per cent reduction in wages for the Kanawha field, was announced by operators. OHIO MINES CLOSE
COLUMBUS — (United Press). — Half of southern Ohio's coal mines were idle today in preparation for the nation-wide strike scheduled for tomorrow midnight.

"Mines in southern Ohio are closing as fast as contracts on hand are filled and 250 are idle today," W. D. McKinney, secretary of the operators' association, declared today.

The operators will make no attempt to produce coal to throw on the open market, McKinney said, indicating an early showdown was desired. The government will intervene only in event of a shortage of supply.

A number of the mines have been closed some time, but many have shut down within the last week, McKinney said. The mines now operating are rapidly completing contracts on hand and will close as quickly as possible.

SHUT DOWN IN ILLINOIS
CHICAGO — (United Press). — Shut down of Illinois coal mines started today in preparation for the nation-wide coal strike April 1. Other mines will close tomorrow and by the zero hour of the strike at midnight tomorrow, not a mine in the state will be working, according to operators and union leaders.

Both the miners and operators prepared quickly for the strike. They have adopted a policy of "watchful waiting" and neither will take aggressive steps at present.

WAR CABINET MEETS
INDIANAPOLIS — (United Press). — The war cabinet of the United Mine Workers of America met today to prepare for the April 1, coal miners' strike.

Influential district chiefs of the organization gathered here to force a small number of Pittsburgh operators into line for interstate wage negotiations. Duration of the strike depends upon how soon this can be accomplished, it was said.

SITUATION IN KANSAS
TOPEKA, Kas. — (United Press). — With the Kansas industrial court expected to issue a temporary order, keeping in force the present wage scale and ordering the men to continue at work, until a new agreement can be reached, action of Kansas coal miners when the nation-wide walkout takes place Friday midnight was problematical early today.

The industrial court has summoned representatives of coal operators and of the United Mine Workers for a hearing to open today.

STRIKE PROBABLE STARTS
WASHINGTON — (United Press). — With the nation-wide coal strike less than 48 hours away, congress today began an inquiry into the causes that led to the order for a walkout.

Both sides of the controversy have been asked to appear before the house labor committee on the Bland resolution providing for an investigation by a federal commission of the strike situation.

STRIKE NOTICES POSTED
NEW YORK — (Associated Press). — The high of idleness seemed today to be already descending upon the unionized coal industry of the nation and the anthracite miners and operators' sub-committee on wage contract negotiations abandoned all hope of halting the strike set for April 1, and entrenched themselves for a long struggle over the conference table.

Strike notices have been posted in both the bituminous and anthracite fields. Philip Murray, vice-president of the United Mine Workers of America, announced. Union miners, 535,000 strong, will lay down their tools at midnight tomorrow when their present working contract with the operators will expire, he said.

While expressing a hope for speedy negotiation of a new contract for the anthracite workers

CHANGES IN BONUS BILL PLANNED

Senate May Eliminate Cash Feature of Measure

ACTION URGED BY LEGION

Expected to be Reported Out in Two Weeks

(BY CARL D. GROOT)

WASHINGTON—(United Press)—A move will be made in the senate to eliminate completely the cash bonus feature of the soldier bonus bill as passed by the house, Senator Smoot, Utah, said today, after a conference with Harding.

The house approved giving the cash bonus only to men whose total adjusted compensation did not exceed \$50.

Instead, Smoot said he favored a paid-up 20 year endowment insurance policy with a loan value and a sales tax to raise the necessary funds.

The American Legion is bringing pressure to bear on the senate finance committee for early bonus action.

As a result, it developed today that practical assurances have been given that the committee will report the measure out in another fortnight or so.

John Thomas Taylor, vice-chairman of the Legion's executive committee, predicted to the United Press after a visit to Senator McCumber, finance committee chairman, that the bill will come out virtually as passed by the house.

He claimed that the cash bonus and the sales tax would not be inserted as reported out by the finance committee. He expressed the belief that President Harding is "for this bill."

FORMER DELPHOS MAN, JOHN CLEMENT, LEAVES ESTATE VALUED AT \$30,000

The estate of John Clement, late of Marion-tp, amounts to \$30,000, according to documents filed in probate court, Thursday. Of that amount, \$24,000 is in real estate.

Ten children share the property, after certain bequests are paid. Household goods, furniture and personal effects, both in his town home and on the farm, are bequeathed to his son, Anthony. Agricultural implements and farm utensils are given to Anthony.

A granddaughter, Miss Cecilia Clement, was given \$50. Mrs. Barbara Rupert, a daughter, was given lot 174, Delphos, on which she resides, but she must pay \$1,000 for the same, having the privilege of paying \$100 a year.

The remainder of the property, consisting of 155 acres, in Section 21, Marion-tp, and the south half of the southwest quarter of Section 14, Oliva-tp, Putnam-co, is to be divided equally among the 10 children.

Bernard Falke, Anthony Wapnecke and W. J. Steine were appointed appraisers. Arthur F. Lindemann, Delphos, was named executor.

WIFE BEATER FINED, SENTENCED TO WORK; WIFE GETS HIS MONEY

Wife-beating and possession of illicit liquor spelled disaster for Frank Hurley, 25, colored, 1234 W. Spring-st, Thursday in criminal court. He was fined \$100 and sentenced to six months in the Toledo workhouse.

According to police, Hurley threw his wife, Ella, to the floor and trod on her face. She exhibited sundry bruises when she appeared against her husband in court. The left eye was lacerated and closed.

A small quantity of corn liquor was found, police say, in the Hurley home.

Hurley paid his fine from a roll of \$500 which he carried and, under threat of increasing the fine to \$200 unless he gave it to his wife, Judge Emmet Jackson induced Hurley to pay the remaining \$400 to his wife.

ARTHUR FOWBLE IS FOUND GUILTY OF CONTRIBUTING TO DELINQUENCY OF GIRL

Sentence upon Arthur Fowble, Lima salesman, found guilty of contributing to the delinquency of a young Lima girl, has been deferred by Probate Judge Hamilton. Three days must elapse, under the law, in which counsel for Fowble may file motion for a new trial.

At the end of that time, sentence will be imposed.

Fowble, driving a large automobile, is said to have started motor trips with the girl on Washington's birthday last and that his plan was to visit lonely parts of the country.

Penalty for the offense is a fine of from \$10 to \$1,000 or a year in the Toledo workhouse or both, according to the nature of the offense.

TWO NIECES ARE MADE BENEFICIARIES IN WILL OF LATE L. J. SHOCKEY

Leander J. Shockey, late of 1030 Rich-av, bequeathed his residence property valued at \$1,450 to his niece, Margaret E. Craun and property of the value of \$2,250 to another niece, Emma Rode, at 550 W. Elm-st, where she resides.

Thirteen other distant relatives were cut out without a farthing, in the will. Each of the nieces, with whom Shockey made his residence during his life-time must pay half the debts and funeral expenses.

Mrs. Craun was given the household goods, personal property valued at \$100 and belongings.

Mrs. Craun was named sole executor, W. M. Munnigh, J. J. Rankin and Curtis Magher were appointed appraisers.

WRONG ADDRESS GIVEN

James Brown, arrested at 719 N. Jackson-st, was incorrectly registered at the police station, it developed after it was ascertained that his address was set down as 717 N. Jackson-st. H. R. Vorkamp resides at the latter address.

MARCH LION IN A RETURN VISIT

More rain! Not a pleasing outlook, but an unavoidable one. If the weather maker has his predictions outlined properly.

Rain tonight and Friday; warmer in southeast portion tonight; cooler in north portion Friday. Fresh to strong easterly winds shifting to northwest.

Plants that have been carefully nursed indoors during the winter months by housewives can now be placed in the open with perfect safety—probably.

The March lion is getting us coming and going, but it is scarcely likely that there is danger of a freeze, so plants placed in the open will probably suffer no ill effects.

FESS UNDECIDED

Doesn't Know Yet Whether He Will Run For Senate

CINCINNATI—(By Associated Press)—Congressman Simeon D. Fess, of Yellow Springs, addressed the Rotary club here today on "Definite Results of the Arms Conference."

Fess said he is not yet ready to announce his decision on the question of becoming a candidate for the Republican nomination for United States Senator from Ohio.

"I am making a quiet canvass of the state in order to get a thorough understanding of the whole situation," said Fess, "and I do not feel that the time has come for me to make known my intention in the matter."

HILLIARD FOUND GUILTY; SENTENCE OF LIMA MAN IS DEFERRED IN TOLEDO

Judge John M. Killits of federal court, Toledo, has deferred sentence upon Albert Hilliard, 28, of 711 Fairview-ave, found guilty of theft of a parcel post package from the mails.

Hilliard, arrested here some months ago by Clarence Fraunfelder, deputy sheriff, was charged with taking a package from the mail while he was employed at the Pennsylvania railroad station. The package consisted of fine lingerie and was sent by Mrs. M. D. Owen, of Elm-st, to her niece, Miss Ruth Wells, student at Oxford, testimony showed.

Mrs. Owen was called at the trial. Hilliard's wife, who was about to seek a divorce, is said to have informed the deputy sheriff of the theft.

FIRE CHIEF MACK RIGS UP OLD LADDER TRUCK FOR CLEANUP PARADE

Fire Chief John Mack doesn't know or care who is to lead the clean-up parade Saturday, he said Thursday. His concern lies with the tail end of the procession.

With the assistance of the fire ladders, Mack is rigging up an antiquated hook and ladder wagon at the North Side engine house which hasn't seen service in 15 years. It will form the vanguard of the crusaders against uncleanness.

A span of mules will haul the vehicle and 21-foot ladders, with appropriate legends, will be displayed.

The extreme rear end position of the float will be occupied with an old siren of the crank type, the raucous tone of which will add its demand for a cleaner city.

After the parade breaks up, Mack expects to have the mule-propelled float driven through the city to proclaim the good word to the citizenry.

LIMA MAN DIRECTOR OF OHIO PHONE ASSOCIATION

D. J. Cable of Lima was elected as one of the 17 new directors of the Ohio Independent Telephone association, in annual convention in Columbus Thursday. Other directors whose election was announced, are as follows:

Washington Hyde, Warren; F. A. Knapp, Bellevue; W. B. Gregson, New Philadelphia; C. L. Jones, Athens; H. P. Folsom, Circleville; N. Scott McKell, Chillicothe; Conrad Kipp, Greenville; J. W. Stafford, Troy; W. A. Norton, Kenton; W. Longwell, Lima; D. J. Cable, Lima; G. P. Thorpe, Wilmington; Frank L. McKinney, Columbus; W. H. Heseltine, Delaware; A. J. Curran, Elyria; Frank L. Beam, Mt. Vernon and W. H. Cary, Millersburg.

Addresses were given by F. H. Gardener, Oberlin; Ward A. Snook, Columbus; J. W. Stafford, Troy, and George B. Quatman, Sidney.

LODGE NOTICES

Special communication of Lima Chapter, No. 49, R. A. M., Friday at 7 p. m. Work on Royal Arch degree. Visiting companions welcome. Wallace Landis, secretary. H. O. Parrish, H. P.

PIONEER IS DEAD

VAN WERT, A. L. McDonald, 80, pioneer resident of this county, died from heart trouble. He had resided in this county nearly his entire life.

GUARDIAN IS NAMED

Ray R. Pugh, 945 St. Johns-av, has been appointed guardian of Pauline Pugh, 15, daughter of the late Douglas Pugh, in probate court. The child has a distributive share in the estate of her father, amounting to \$1,500 in cash and \$1,000 interest in property in Florida.

TWO ARE FINED

T. A. Pugh, 38, of 212 E. Wayne-st, was fined \$25 and J. D. Smith, 45, N. Central-ave, \$10, when they pleaded guilty to drunkenness in criminal court Thursday.

ORDER NEW LOCKS ON SCHOOLS

Present Arrangement in Three Lima Buildings Condemned

Locks on doors of Lima school houses are condemned, in a report made to the state department of industrial relations, by H. B. Crosson, Lima, deputy inspector, as result of an investigation made of buildings here.

New locks opening readily from the inside must be installed in three buildings by September 1, according to orders received from Columbus by Fred Calvert, secretary of the board of education. They are the Lowell building, Jamison-av and Spring-st; McKinley building, Calumet-av and Eureka-st; and the Longfellow building, Shawnee-st.

All hooks, bolts and night locks are ordered removed.

Fire gongs are ordered provided for the Lowell and McKinley schools and it is stated that the bells must be used only for drills or in case of actual fire. The gongs must be installed within 30 days and arranged to ring from any floor.

Fire extinguishers in all three buildings need recharging, is another recommendation made.

In the basement of South High, Crosson recommended that a rubber mat be placed in front of the switchboard.

A person operating the board may be shocked under present conditions and under certain circumstances electrocuted, he asserts.

E. R. Whitacre, chief of the department, requests compliance with his recommendations and calls attention of the board to the state building laws.

COMMISSIONER CLERK TO OFFER \$79,000 ALLEN-CO ROAD BONDS TO STATE

Glen I. Wallace, clerk of Allen-co commissioners, will go to Columbus Friday, where he will make an effort to dispose of \$79,200 worth of road bonds. To the state industrial commission.

The funds derived from sale of the bonds will be used to aid in the improvement of the Lima-Sandusky rd, from a point where the Jackson and Richland township lines meet, thru Beaverdam and to the south line of Section 31, Richland-tp.

The bonds were first offered to the sinking fund trustees of the county, which refused them. The construction work is one of the big items in Allen-co chain of road improvement for 1922.

CHARGED WITH STATUTORY OFFENSE, PAIR IS FOUND GUILTY IN CITY COURT

Mrs. Theresa Shepherd, 609 E. Elm-st, and Joe Wilson, were on trial in criminal court Thursday on a statutory charge, filed by the woman's husband, H. E. Shepherd. Police visited the E. Elm-st home, where Mrs. Shepherd resides with an uncle, H. O. Irwin. Shepherd had previously sworn out warrants for the arrest of his wife and a man whose name he did not know. Wilson was taken on a John Doe warrant.

Irwin, members of his family, the accused's mother and others were placed on the witness stand.

Mrs. Shepherd and Wilson were found guilty by Judge Jackson. They were released on \$15 bond each and allowed three days in which to file motion for a new trial.

BOOK SHOWER PLANNED FOR SOUTH HIGH LIBRARY

A plan for replenishing the supply of books in the public library and also for the establishment of a library in South High school was set in motion Thursday in all the public schools of the city, after a conference between Superintendent J. E. Collins and the various principals.

Each student is being asked to donate a book or the price of a book. Only good literature will be acceptable. All books donated on the South Side will be placed in South High school. The campaign will continue for two weeks.

The name of the donor will be placed in each book given.

MARRIAGE LICENSES

Thomas Jefferson Heusch, 64, retired harness dealer; St. Marys, and Mrs. Susanna Catherine Dawson, 60, of 322 S. Broadway.

Leroy Small, 20, car washer, and Miss Melissa Colquitt, 18, domestic, both of 1614 W. Spring-st.

MEN AND MATTERS

Brown Douglass will entertain members of the "Y Men's" club Friday evening, with a dramatic interpretation of James Whitcomb Riley's poems. The club will hold its usual 6 o'clock dinner meeting at the Y. M. C. A.

James F. Butler, 212 Park-av, has been called to Belton, S. C., by the serious illness of his sister, Mrs. D. B. Watson.

Rev. Father William A. Tobin, appointed pastor of St. Thomas Aquinas church, Toledo, has gone to that city, to look over his new parish and confer with Bishop Samuel Stritch, who made the appointment.

Eugene T. Lippincott, prosecuting attorney of Allen-co, was in Marysville, Thursday, where he prosecuted a case in the courts of Union-co.

Monsignor A. E. Manning, pastor of St. Rose Catholic church has gone to Cleveland to remain for a short time.

George H. Quail, attorney, member of the firm of Halffill, Quail & Kirk, was in Ottawa Thursday, assisting J. P. Leasure, attorney, in a law-suit.

CONTRACTS FOR 15 MILES OF WATER LINE PIPE AND FOR HYDRANTS TO BE LET

Contracts for furnishing iron pipe and hydrants for water main extensions on 15 miles of street may be let by the city Friday, according to Purchasing Agent H. N. Osgood.

Osgood has been receiving prices from various firms for some time past. A formal letting will not be held, but a contract will be signed for the materials needed with the firm making the best bid. This will allow the city to buy as the work progresses.

To complete the proposed water main extensions, the city will require 77 hydrants and 23,000 tons of pipe.

A local firm may secure the contract for the iron pipe, Osgood indicated.

Cost of the extensions will amount to \$194,000. All of the work will be performed with city labor. Residents on the streets to be benefited, who are out of employment, may be given preference on the work.

BIDS FOR PAVING

Offers on Westminster-New Hampshire-rd Asked April 10

Bids will be received at the Southern Hotel, Columbus, April 10, for paving 1.05 miles of the Westminster-New Hampshire road cancelled March 20 and a section of the Van Wert-Paulding highway in Van Wert-co, Grover Clements, division highway engineer announced Thursday.

A number of Lima contractors are bidding on both jobs.

Materials specified on the Westminster-rd are Kentucky rock, bituminous macadam and reinforced concrete. The state highway department will select the type of pavement desired.

Concrete, Willits and bituminous macadam are the types on which contractors will submit prices for constructing 1.10 miles of road between Van Wert and Paulding, Clements said.

Sale of three sections of the Dixie highway, near Beaverdam and thru the village has been postponed 30 days. Bonds sold by the county to raise its proportion of the finances needed were not sufficient to cover the cost of brick. Bids on brick were submitted at request of the state highway department.

WIFE UNFAITHFUL, FEIL CHARGES IN ANSWER TO SUIT ASKING DIVORCE

Charges that his wife, Mrs. Marie L. Feil, and a man named Alfred Reynolds, were alone for several hours on the night of January 29, last, at the Reese-ave school building, were made by Carl W. Feil, city mail carrier, in answer filed in court Thursday to the divorce petition of his wife.

Feil says that while he was busy, trying to make a good Christian home for his wife and their four-year-old son, his wife was begging him to leave, to set her free and thereby grant her permission to associate with whomsoever she pleased.

She frequently told him, he says, she loved other men and after the alleged escapade with Reynolds she admitted to her husband she loved Reynolds, Feil asserts.

It was shortly after that his wife instituted suit for divorce. The answer relates that Mrs. Feil frequently remained out nights with married men.

Mrs. Feil, in her action for divorce, says she was a dutiful wife and that her husband continually chided her among neighbors and friends, and in public charging unchastity. She says she asked her to leave his home. He has property valued at \$6,000.

They were married on January 11, 1916, in Lima.

COAL COMPANY 'SUED'

Judgment in the sum of \$544.36 is asked by the J. S. Davis Coal company, of Dayton, against H. Spayd, doing business as the City Coal company, N. Main-st. An additional \$3.30 is sought because of two notes which the Dayton firm says the coal company allowed to be protested for payment.

BIRTH ANNOUNCED

Mr. and Mrs. Merle Newland, of 613 E. Franklin-st, announce the arrival of an 8 1/2 pound son, Norman Dale, born Tuesday.

EXCESSIVE RAINS FLOOD CELLARS

Sewers Inadequate, Water Backs Up in Many Places

Sewers were overflowing and cellars flooded Thursday morning as a result of a heavy downpour of rain during the night.

Complaints from homeowners began pouring in at the office of the engineering department and city manager early in the morning. Citizens in widely scattered sections of the city reported water had backed up thru connections with the sewers and flooded basements.

One of the worst spots in the city according to information at the city engineer's office, is along McKibben-st. The sewer serving that section of the city proved inadequate to carry off the water.

Considerable trouble was experienced in streets where sewers have been constructed recently, or paving torn up for water or gas. The loose earth washed into catch basins clogging them up and flooding the streets.

Sewers in the vicinity of W. Market and W. North-sts, were carrying the water, Vaughn C. Miller, city engineer said, in past years considerable trouble has been experienced along low lying sections of both streets.

Some trouble was reported from residents living near the old city pumping station, Manager C. A. Bingham said. Bingham and Miller stated they would make an inspection of areas where the water was backing up and ascertain the cause.

Steady pumping at Lost Creek reservoir and Lima lake insure adequate water supply for the summer. The widening of the river, completed several years ago will tend to keep the river from overflowing its banks.

LIMA RESOLUTIONS AID IN FEDERAL COURT PLAN

Favorable progress is reported from Washington by Congressman John L. Cable on a bill to establish a federal court in Lima.

In a letter received from Cable by J. Kenneth Johnson of the Chamber of Commerce, it is stated that he hopes to soon get a report on the bill by the judiciary committee.

Congressman Cable stated he has been materially aided by resolutions passed by the Chamber of Commerce and the city commission endorsing the bill.

IS LYING EVER JUSTIFIED? LIMA DEBATERS TO DECIDE IN BATH-TP SCHOOL EVENT

Is it wrong to lie? Children are taught so by parents and it stated in the Tea Com-mandments, "Thou shalt not bear false witness against thy neighbor."

Friday night at Blue Lick school, Bath-tp, the matter will be thrashed out in debate, the question being: "Is a Lie Ever Justifiable?"

Ranged on one side will be Ben F. Welty, former congressman, and Attorney Clarence Klingler. They will present the negative phase of the question.

On the affirmative, M. L. Mayer and D. J. Carrolton will speak to show that under some conditions a man is justified in prevaricating.

It may be wrong, they say, but it sometimes saves a peck of trouble to fib—if one is not found out.

TO RENEW DEMAND

Citizens Will Amplify Petition For Sewer Relief

Additional data concerning the deplorable condition of streets south of Fourth-st, on the south side will be laid before Manager C. A. Bingham and City Engineer Vaughn C. Miller Thursday night.

A delegation of realty owners from the district will confer with the city heads, regarding the possibility of getting sewers in that section of the city.

Miller states that the only remedy is the construction of the south side relief sewer, at a cost of more than \$600,000. It probably cannot be put in this year.

In the meantime, officials hope to be able to build a temporary main to give relief. Streets are so water logged that in case of a fire, no help could get into the district, they assert.

Property owners are expected to state Thursday if it will be possible for them to bear a portion of the expense.

QUARTET IS FINED ON TRAFFIC CHARGES

Four traffic violators fined in criminal court, Thursday. One of them, Roy Henson, 25, of 656 W. Spring-st, was fined \$5 for parking on the wrong side of the street.

The other three, L. E. Gross, 20 of 123 1-2 E. High-st; C. C. Brown, 28, of 120 N. Jackson-st and J. Galberach, 1237 S. Sugar-st, were each fined \$1 for failure to display lights on their cars.

Children Cry FOR FLETCHER'S CASTORIA

FIRST STEPS IN CITY PLANNING

Commerce Chamber Moves to Bring Experts to Lima

Directors of the Chamber of Commerce took the initial step Thursday toward the formation of a city planning and zoning commission, to direct the future growth of Lima.

President Glen C. Webb was instructed to form a committee to study the question and bring planning experts here for a series of talks.

Action of the directors Thursday was taken as a result of a number of conferences with heads of the Lima Real Estate board. Realators of the city are back of the movement to a man, J. I. Motter, president, declared.

The committee will be composed of nine members, four of whom are to be realtors. Personnel of the body has not been decided. Mayor Harold Cunningham will be placed on the committee, to represent the city commission.

Object of the body will be to prepare sentiment in the city for a planning commission.

"We must acquaint the public with the facts," declared Webb. "At present, I fear most persons are not acquainted with its function. They seem to have a vague idea that it means to tie the ribbons on telegraph poles, or something of the sort."

The Chamber of Commerce expects to bring a number of planning experts here for public talks on the question. Some sort of program will be worked out and the recommendations submitted to the city commission.

The commission will be asked to create an official planning commission to work out the problem and enact legislation to back up the program worked out.

WOMAN CAPTURED IN TREE-MILLION WAGERED ON ONE RACE-NEWS PICTURES OF DAY

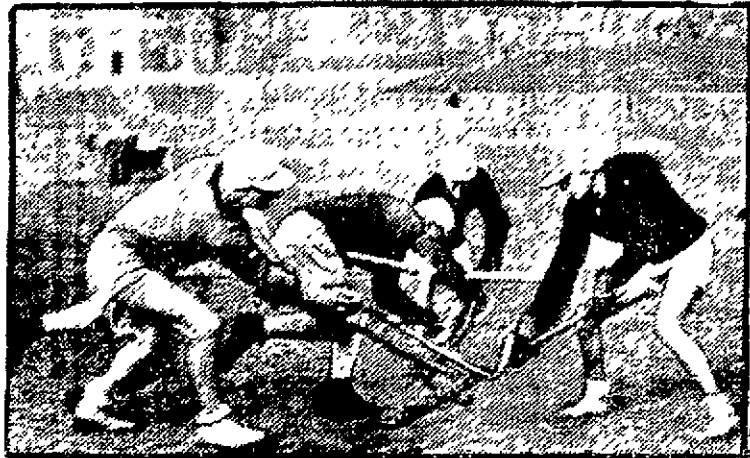

Pursuers building a scaffold to take Mrs. Anna Lombardi from a tree in which she sat for 19 hours after fleeing the government hospital for the insane at Washington, D. C. The tree overhangs a 75-foot ravine.

WAKE OF RUIN LEFT BY CLOUDBURST AND THAW—This remarkable picture was taken at midnight and shows the recent flood that swept thru Burlington, Kansas, as a result of a cloudburst, when it was at its height. The picture was taken by flashlight from the roof of one of the business blocks. Water reached more than half way to second stories of downtown buildings. Several were drowned before the water subsided.

Floods along the Mississippi River this year are worse than usual. The picture shows what happens in Memphis, Tenn., when the "Father of Waters" goes on a rampage. This view is at the foot of Illinois avenue, and shows docks, streets and railroad tracks all inundated. The river is still rising and hundreds of volunteers are working to prevent the flooding of thousands of acres of the lower lying farm lands.

LACROSSE SEASON OPENS—An exciting moment in the first Lacrosse game of the season when Stevens Institute of Technology defeated the New York Lacrosse Club 7 to 0.

RICKARD'S WIFE — Mrs. Tex Rickard who appeared as a witness for her husband, the fight promoter, in his trial in New York on charges resulting from the stories of young girls.

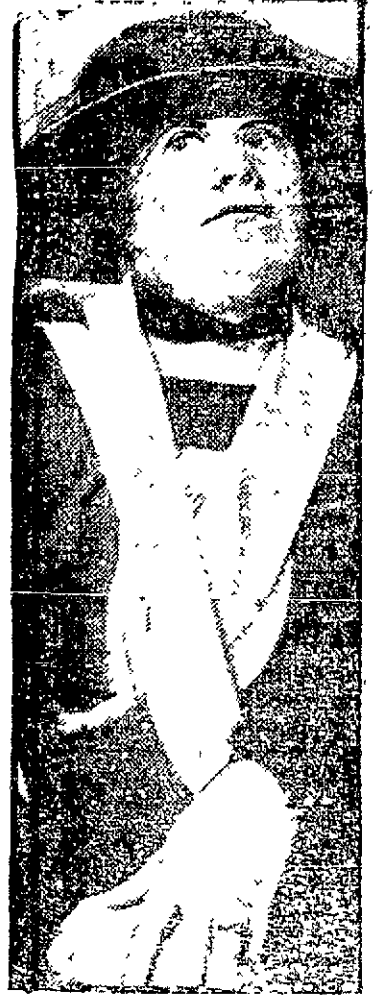

A MILLION WAS WAGERED ON THIS RACE—The start of the Coffroth Handicap at Tia Juana race track. "Mulcahey," ridden by Huntamer, won while 100,000 looked on. More than \$1,000,000 changed hands on the outcome of the race.

ROYAL JOCKEY LOSES—Prince Henry, third son of the king of England, rode "Ocean Jrd" to a driving finish in the Point-to-Point Steeplechase at Litchborough but lost by a head.

"ANGEL OF SIBERIA" — Miss Elsa Brandstrom, Swedish Red Cross worker, is called "The Angel of Siberia" by Russian war prisoners. She's coming to the U. S. to aid Russian famine victims.

"WIDOW'S RINGS" — Miss Olivia P. Stone, Cincinnati nurse, wears a wedding ring and widow's weeds at her trial in Brooklyn for the murder of Elsie G. Rickard, attorney whom she shot. She says she considered herself his wife.

HIS RECALL SOUGHT — French newspapers are demanding the recall of J. J. Jusserand as ambassador to the United States. Editors claim that he has failed to make France's post-war position understood in this country.

PRIZE SCULPTRESS — Miss Grace Talbot won the Avery prize in the Architectural League exhibit, New York. She is a Junior League girl. Her mother, Lily Talbot, was a painter of note.

FOE OF FLIRTS — Miss Mabelle Rozelle, only policewoman in York, Pa., gained the respect of the street corner flirts after arresting several of them. She keeps her eyes on dance halls, too.

A CLASSIC WAS PLAYED TO FOX TROT TIME BY A JAZZ ORCHESTRA IN CHICAGO. IT WAS SUCH A TREMENDOUS SUCCESS THAT THE BRUNSWICK PEOPLE MADE A RECORD OF IT. DON'T FAIL TO HEAR "A SONG OF INDIA" BY RUDY WIEDOEFT'S CALIFORNIANS.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

Your weekly wash snowier than ever

SNOWY bed-spreads, sheets and pillow cases. Plenty of clean clothes for all the family.

How proud you are of your freshly laundered things, but what endless rubbing it meant before you used this entirely new kind of soap!

An hour's soaking in Rinso suds does more than all the soaking with ordinary soap and all the hard rubbing you used to do.

After soaking, only a few pieces need any rubbing at all. A little dry Rinso rubbed on these gets them clean as can be, and not a thread is weakened.

Rinso is the great soap maker's answer to women who want a soap to do the family wash as easily and wonderfully as Lux does fine things. Rinso is sold everywhere. Get it today—at grocery and department stores. Lever Bros. Co., Cambridge, Mass.

NOTE—In hard water it takes from 1/2 to 1 package of Rinso to make good suds. In very hard water you will need from 1 1/2 to 2 packages to a tub to get the big lasting suds that loosen all the dirt.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply costs and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex in a pint bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranous. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

DRYS LINE UP FOR ACCUSED MAYOR

Oppose Parker's Attempt to Oust Lorain Executive

DAVIS REFUSES TO ACT

General News Items Gathered From Ohio Cities

LORAIN—(Associated Press)—Dry forces who two years ago sought the removal of Mayor William F. Grall, today were lined up with the mayor in his fight to prevent suspension and removal threatened by Prohibition Commissioner Don V. Parker. Dry leaders claim that Grall is making an effort to enforce the law.

Grall, who is a Democrat, today again charged that political enemies in his own party were back of the ouster movement. Two months ago Grall dismissed Emil Calman, his safety director, and appointed Joseph Gould, a Republican, to succeed Calman. He also announced that he would prefer charges against M. F. Peer, Democrat, and president of the civil service commission.

Gould claimed today that an honest effort had been made to enforce the prohibition law and stated under his direction arrests for liquor violations had increased.

Dry leaders this morning were preparing to petition Governor Davis to withhold action in the Grall case until they could be heard.

STATEMENT PROMISED

COLUMBUS—(Associated Press)—Uncertainty today surrounded the situation at Lorain brought about by the alleged request of State Prohibition Commissioner Parker that Mayor Grall resign because of laxity of prohibition law enforcement, and the later announcement of Governor Davis that no authority had been given by him for such action and by Parker's subsequent refusal to comment further than to say he had been in conference with the Lorain mayor.

A full statement of the case, promised by the prohibition chief after he has examined various reports on law enforcement conditions in Lorain, is awaited with interest. After arriving here from Lorain Parker would not reply to questions as to whether he had requested Mayor Grall to relinquish his office.

Grall refused to heed the request that he give up his office, characterizing the episode as an attempt by political enemies to oust him. He said he did not know Parker and that he was not certain that the man who requested his resignation was the prohibition commissioner.

ROBBER TRAPPED

CINCINNATI—After being trapped in a house he intended to rob, by two women, Anthony Gahl, 70, of Louisville, was arrested.

APPOINTED CHANCELLOR

CLEVELAND—Rev. Patrick J. O'Connell, pastor of Holy Name church, Cleveland, was appointed

chancellor of the Catholic diocese of Cleveland by Bishop Schrambe, effective April 5. Former Chancellor Rev. Dr. William A. Scullen, who resigned, becomes pastor of Holy Name church.

DROPS DEAD
TOLEDO—Amos Shock, 68, dropped dead in a drug store from acute indigestion, which physicians said was caused by eating too much candy.

TO ENFORCE CURFEW
YOUNGSTOWN—Mayor Oles, in conference with police and juvenile court officials decided on strict enforcement of Youngstown's curfew ordinance, effective Monday night.

DIVIDEND DECLARED
CLEVELAND—Directors of the New York, Chicago and St. Louis (Nickel Plate) railroad declared a dividend of five per cent on first and second preferred stock.

POSTMASTER ARRESTED
NELSONVILLE—Herbert C. Harris, 30, Orblson postmaster, is under arrest charged by postoffice inspectors with a shortage of about \$3,200.

SPOTLIGHT GLARE IN "UNCLE TOM'S CABIN" INJURES EVA'S EYE

The glare of a spotlight used in an amateur production of "Uncle Tom's Cabin" at Brown theatre in Vapakoneta two months ago, seriously impaired the eyesight of little Veronica Herman, it was determined when the child was brought to Lima and an eye specialist consulted.

The child played the part of Little Eva in the production and under the rays of a stage light the sight of one of her eyes was affected to such an extent that it has been necessary to keep the optic covered constantly.

The child is the daughter of R. G. Herrmann, justice of the peace or Duchouquet-tp. No other members of the cast, under the glare of the light, were affected in a similar manner.

STATE LEADER OUTLINES YOUTH'S CLUB WORK HERE

Parents and those persons who are backing the work of boys' and girls' clubs, as outlined by H. J. Ridge, Allen-co farm agent, were given hints on how to proceed with the work, at the office of the farm agent.

W. H. Palmer, Columbus, who is in charge of boys' and girls' work in connection with the farm bureau, was the speaker. Practically every part of the county was represented.

ENGLISH CASE CONTINUED

The case of Mrs. Sarah English, seeking a peace warrant against her sister-in-law, Mrs. Lulu English, in the court of William H. Guyton, justice of the peace, has been postponed until April 4. Hearing was continued until Wednesday of this week when the case was called in Guyton's court last Saturday. By agreement, a second continuance was ordered.

PURSE IS STOLEN

Mrs. H. T. Boop, 522 W. North-st, reported to police Thursday that her purse, containing \$1.50, was stolen from an auto she parked near the court house.

2 SEEK PLACE AS POLICEWOMAN

More Than 30 Take Tests for Various City Positions

Two applicants for policewomen took the tests prescribed by the civil service commission, along with some 30 other candidates for various city jobs.

Mrs. Amelia Van Gunten, 751 Brice-ave and Mrs. Lita M. Brunette, 307 1-2 S. Main-st, are the women taking the examination for policewomen. The former served for a time during Mayor F. A. Burkhardt's administration.

Nine new applicants for the police

force were up for the test. The remainder of the applicants for positions are city employees, but were only recently placed under civil service. It became necessary to hold an examination on this account.

Applicants for the police department are: George Cook, 115 S. Pierce-st; H. A. Westbay, 554 W. Haller-st; H. B. Godfrey, 319 S. Jackson-st; Albert Ufer, 327 N. Main-st; R. L. Robinson, 102 Dewey-ave; Albert Stewart, 667 W. Spring-st; A. F. Morris, 1003 St. Johns-ave; Mike Laughlin, 457 McDonel-st; William R. Kimble, 248 S. Pine-st. Several in the list have taken previous examinations and Laughlin was on the force at one time.

SUCCESSOR TO FATHER TOBIN IS NOT TO BE NAMED UNTIL JUNE

Successor to Rev. William A. Tobin, assistant pastor of St. Rose Catholic church, will not be named before June, according to announcement of Monsignor A. E. Manning, pastor of St. Rose.

There is a scarcity of priests in Toledo diocese, Monsignor Manning says, and until graduation and ordination of young men to the priesthood is made, the vacancy here will continue.

However, Monsignor Manning will have the benefit of the services of Rev. J. I. Williams, second assistant pastor, who has been at St. Rose some months and is conversant with the work.

Father Tobin will assume his duties as a pastor in Toledo on April 5.

YOU CAN'T WORK WELL WITH A COLD

NOBODY likes to be around a person suffering from a heavy cold. It exposes them needlessly. You can take care of your job and keep business and social engagements shortly after you begin using Dr. Bell's Pine-Tar-Honey. For it is prompt in helping Nature expel phlegm, allay inflammation, ease breathing, and drive away irritating coughs. Use it—give it to the kiddies. Don't suffer a minute longer than you have to. At all druggists. 30c.

DO THE JOB RIGHT

It was George Washington, first president of the United States, who said: "In time of peace, prepare for war." Using the quotation for a Lima purpose at this time doesn't mean exactly the same thing George had in mind when he delivered himself of the now historic saying.

Washington had reference to conditions that existed immediately following the revolutionary war, in which America won her freedom. He recognized that in the future this country would probably be attacked and he saw the necessity of carrying into effect the sentiment of "forewarned is forearmed."

That is the sort of vision actuating Lima men and women at this time, as spring days are here and cleanup campaigns are due. While it is important that the early fly be swatted, it is eminently more helpful to do away with the places in which flies are bred by the millions.

Fifty thousand men, women and children of Lima may apply themselves most vigorously and continuously in the use of 12,000 fly swatters the Kiwanis club will distribute as its part in the campaign to make Lima a healthier city, but so sure as favorite breeding places for the household pests are permitted to exist, the stragglers which escape the early swatter will multiply themselves.

A fly swatting campaign without action against breeding places will be as useless and ineffective as trying to destroy a tree by cutting off its upper branches.

EXPLODING SUPERSTITION

"ALL signs fail in dry weather." Reverse that saying and you have a correct reflection of the present situation. With March having made its debut in a very lion-like manner it was popularly believed by those who revel in weather superstition, that the present month would lapse into history in a lamblike manner.

However, contrary to all rules of popular belief and anticipation, with only one more day of the present month remaining, there is just at this time apparently very little hope of conditions such as would be applicable in carrying out the sentiment of the "lion and lamb" belief.

Weather rules so often meet with reverses that even the most definite scientific forecasts are thrown into a state of disarray, consequently there is less hope for long range forecasts becoming actualities or popular superstition succeeding in holding its own. It is just as well, however, that fallacious beliefs erected in the minds of many persons should be given rude jars occasionally, to prevent a further reversion to belief in silly things, for which there is no foundation whatsoever.

The saying that "lightning never strikes in the same place" has been proven a fallacy, time and again. Now that the March lion and lamb theory is exploded, next will appear on the scene the "seven Sundays of rain" superstition following Easter, if there should be rainfall on that day.

THE JOKER

PRACTICAL jokers in Lima gleefully watch the approach of April Fool's Day.

When and why did man first set aside April 1 as a festival of pranks and laughs? No one knows. Its origin is lost in the mists of antiquity. Romans of 2000 years ago had a similar yearly celebration.

April Fool's Day is a monument to man's sense of humor—which has carried individuals,

WE'RE READY WHENEVER HE'S READY TO SIGN

nations and whole civilizations thru many a crisis.

Man endures nerve strain and conquers economic problems that would kill the strongest beast. When the burden is heaviest it is his ability to relax and laugh that freshens him for the next round of the battle.

Humor is a stimulant, an intoxicant. Humor is philosophy, presented as a farce. One of the greatest humorists that ever lived was the slave, Aesop. He also was one of the greatest philosophers.

Halfway between wholesome fun and cynicism there is a stage of humor known as ridicule. It has wrecked political parties and their candidates. It is the one thing that office-seekers dread above all else.

You watch April Fool pranks. They seem very funny at the time. Try to analyze them and you realize that humor is a baffling mystery. Nothing harder to explain than a joke.

Charles M. Newcomb, industrial psychologist, says: "Laughter is caused by lapses from the established order, and it is an escape from social rigors and inhibitions, back to the freedom of primeval instincts."

Laughter is man's gleeful way of greeting anything that temporarily defies the natural laws and social regulations which make civilized life a mechanical existence.

Take the April Fool jokes good-naturedly. They are merely reminders that man hasn't lost his valuable asset—a sense of humor.

'ROUND LIMA HOUR BY HOUR

WITH APOLOGIES

BY OH, OH, JACKENRIM

A Page from The Diary of An Antiquated Reporter: Up very betimes, with another aesthetic east wind playing capers with chamber windows. Out for a walk abroad, in lieu of hors d'oeuvres. Northward, to enjoy the cheery Erin wave

ABE MARTIN

It must be fine if it's picked and bolted in your own home and know you won't get put out. The Art Embroidery Club met last night and discussed skirts at some length.

I always receive from that grand old laddie who guards the Metcalf street crossing for Sam McRae.

In a stupor, gaspingly gazing at General Byng's twenty-first century idea of planting a crop of gas lights beneath arc lights. For years the North Side has been illumined only by faith. Nowadays, the joyful city and citizenry at Marian avenue, both McDonel and Metcalf streets, can swagger. They have both arcs and gasers. That's more than the elite and super bootlegger-patrons can boast in their exclusive sections. And the arcs up North hang low, so the rays can be nurtured.

Back to breakfast of pines, porridge and crystal ice. Out, and a wonderful day for an eye and nose specialist. Stood awhile on the gay board walk and ogled the male bathers in Lake Woolworth, playing in the sands.

A soft drink connoisseur invited me in for a taste of the new concoction, "shinny." You remember the shiny of your day. Saturday morning you went out in the woods and gathered new clubs, which you burnished with a bit of broken window glass. A Fifth-ave cake-eater never had a slick prettier than my pet shiny club. This new drink called "shinny" is Allen-co hootch. When sold over the bar at the old price—10 cts. a kick. I let a policeman drink mine.

To the office, whence came my old Wilberforce college chum, Capt.

McCown; introducing the Hon. Charles L. Porter, grand master of the colored Masons of Ohio. Some chap, Porter; and you know McCown. They've been trying a quarter century to make 'em like Cap, but they can't get the right pattern for the mold.

Home to lunch on a ragout of lamb, Indian maize and pommes de terre. With a beaker of White Mountain. Put me in top-hole, with a feel of being loaded on Fleischman's yeast. Over to the avenue; why were my parents honest instead of ambitious? They may enjoy the cerulean architecture better; but how more poignant their memory, had they bequeathed a dove-cote here below for their descendant semi-bairn.

Home to dinner. You recognize this is a weekday, doncher? It wasn't much, Moxey sending in one of those stock steaks. The sort they cut up early in the morning for the bargain hours. There had been a piece of tenderloin in it once; but lost in being shopped over. We usually get a thick short-cut; my wife, poor wretch, always being served the "sir" side and I taking the tender. This one would have been much more appropriate as part of a memorial church window. A clever bovine mosaic, yet not marling the street view. Just semi-opaque.

So to bed, and dreamed I was a Spanish matador.

HEALTH TALKS

Common Sense Ways to Keep Well.

TAINTED WATER

Many a city has murdered thousands of its citizens by supplying them with impure drinking water.

The water you drink may look clear and sparkling, may taste refreshing when you drink it, and yet may contain the deadliest germs of disease.

Following installation of water filters and adoption of other means of purifying city water, death rates from typhoid and dysentery always have fallen remarkably.

In a big city the water supply is regularly inspected by bacteriologists, people trained in the special work of testing the purity of the water. Accordingly, it is not these days very dangerous to drink water out of the faucet.

When special pollution of the water supply occurs the public is supposed to be notified at once by the authorities, so that they may take precautions.

Greater caution is usually required in the country and in small cities where water is not regularly inspected and where there is any uncertainty regarding its purity.

In such cases the water should be either boiled or filtered or chemically purified with chlorinated lime under a chemist's direction.

The domestic filter as ordinarily used has a limited sanitary value. If the water is infected, reliance should not be placed upon any household filter operated in the usual way. Bacteria, as typhoid, may often grow thru the walls of a filter.

When water is not infected, but muddy, household filters are serviceable in rendering it clear.

To be really sure, however, that the water you drink will not cause sickness and possibly death, you would better boil it and play safe.

POEMS YOU WILL ENJOY

BY BERTON BRALEY

HELLO, SPRING!

Hello there, Spring! your scheduled arrival
Is due—or overdue, I ought to say;
Right now begins your annual revival!

Subject, of course, to natural delay.
Your show is billed as pastoral and gentle
And that is what we hope to gaze upon,
But oftentimes when you are temperamental
You put a four-act melodrama on.

Instead of opening with scented breezes
And lambs that gambol on the village green,
You start with roaring storms and sleet that freezes
And snow deep-drifted over all the scene.

When that occurs we naturally grumble,
Such wintry dope we audibly deplore,
"This show," we groan, "is merely rough and tumble,
It isn't what we paid our money for."

But still we know, before your act is over—
No matter how it starts—you'll change your style
And romp before us, knee deep in the clover,
Beaming before us with your tender smile.

We trust, this year, you'll start the way you finish,
Blithesome and sweet, in winsome loveliness,
Making our winter weariness diminish—
But we're prepared for rough stuff, more or less.

However, you are here, distinctly present
No matter what the weather is you bring,
We greet you, quite determined to be pleasant,
Hello there, Spring! (Copyright, 1922)

PRESIDENT-SOLON SPLIT DENIED

Congress, Harding Not at Loggerheads, Mondell Declares

CLAIMS PERFECT HARMONY

Situation Misrepresented, G. O. P. Leader Asserts

WASHINGTON. — (Associated Press.) — Congress and President Harding are not at loggerheads despite the impression created by certain writers and newspapers, Representative Mondell, Wyoming, Republican leader, declared today in a statement which he said he had prepared for delivery in the house.

"The fact is that instead of President Harding and congress being at loggerheads, as these writers and newspapers would have the country believe," stated Mr. Mondell, "there has never been a time in my quarter of a century of experience in congress when the relations between the president and congress, particularly the house of representatives, were more pleasant, cordial, sympathetic and harmonious than at the present time."

COMPARISON INVITED

"Any one who will take the trouble to read the recommendations of President Harding to this congress from time to time and to examine the record of congress will find that practically all of the recommendations have either been written into law or are in process of enactment and this applies particularly to the record of the house of representatives."

The Republican leader said he invited comparison with any period of American history and challenged any one to find a record of "finer relations" or more harmonious cooperation between the president and congress. There has been a general and substantial accord, he added, not only on matters of primary importance but in the consideration of many questions of policy and detail.

CRITICS RAPPED

Declaring that there seemed to be "systematic attempt" on the part of various newspapers and writers to create the impression that there was friction between the executive and legislative branches, Mondell asserted that the anti-bonus campaign of certain metropolitan newspapers "has given us the finest example we have yet had as to the length to which some people are willing to go in a campaign of misrepresentation."

Efforts are also being made, Mr. Mondell declared, to make it appear that there is a wide rift between the president and Republican leaders in congress over legislation affecting the army and navy.

"I venture the assertion," he stated, "that the president's view with regard to the military establishment is much more nearly in harmony with the action which has been taken by the house than it is with the attitude of the majority of the newspapers and news writers who have assumed to know and to promulgate his views."

RESTAURATEUR INJURED WHEN AUTO TURNS TURTLE

Morris Mouradian, restaurateur, 11 High-st., was slightly injured when a Ford touring car in which he was returning from New Hampshire, overturned in the ditch near Westminister. Mouradian had almost recovered Thursday from the effects of his experience the night before, when the car skidded in mud and landed in the ditch, wheel upward. The auto is badly damaged.

On route to New Hampshire the car became mired in the mud at the same point and Mouradian had to have help in getting it out and on his way.

WAPAK MAN IS INJURED IN FALL FROM A POLE

George Lear, Wapakoneta, employee of the city light department, was brought to a Lima hospital Thursday for an X-ray examination of his ankle, severely injured when he fell from a pole at Main and Wilkes-sts. One of the spurs on his climber's belt and Lear was precipitated to the street below.

G. A. R. MEMBERS ATTEND FUNERAL OF A COMRADE

Members of Mart Armstrong post, Grand Army of the Republic, twenty-five strong, led by John Klatt, commander, to West Cairo, Thursday, to attend funeral services for Evan J. Thomas, Civil war veteran, held in the Christian church there at 10 a. m. Interment was in Wesley Chapel cemetery.

PAIR FINED \$15 EACH

Statutory charges against Louise Burns, 36, and John Blackford, 44, both of Piqua, were withdrawn in police court, and they pleaded guilty to disorderly conduct. Each was fined \$15. Thirty day sentences to the Toledo workhouse were suspended, provided they leave the city. They were arrested in the Liberty hotel.

ST. MARYS MAN MISSING

ST. MARYS — Abe Crissy, 60, farmer, is missing from his home here. Relatives fear he may have met with foul play. The man had \$460 in bank here and withdrew \$250 before he left for Wapakoneta on a business mission. He was last seen in the county seat town. He left the bank in his wife's name.

MORE FLOWER HINTS

ARTICLE NO. 11

LUTHER BURBANK'S HOthouse WHERE HUNDREDS OF NEW PLANT CREATIONS HAVE BEEN DISCOVERED.

BY LUTHER BURBANK
World's Greatest Scientific Agriculturist

Among other flowers needing some special attention is the petunia, tho a lovely bed will reward good care.

In preparing your seedbed mix leafmold and sand with your soil, unless the earth already is sandy. Fill the seed pans with this mixture and give it a good watering. After the water has seeped in well sprinkle the seed evenly over the surface. The seeds need not be covered with soil. To insure protection a pane of glass may be placed over the beds and they should be protected from the sun for a time. When the seeds sprout, which should be within two weeks if kept in a temperature of about 60 degrees, take off the glass and transplant, spacing about an inch apart.

A general list of flowers for a larger garden might also include canna, foxglove, cosmos, Canterbury bells, verbenas and Shasta daisies—but in most of these flowers the use of seed beds is likely to give best results.

Of course whether the beginner wishes to attempt flowers that need special attention is a question he alone can determine. As has been said previously he cannot go wrong on hardy annuals and with the use of seedbeds, with leafmold and sometimes sand mixed in the soil, and with some care given to protection against the sun and against pests, he is likely to get results from the less hardy flowers.

(In his last article tomorrow Burbank gives directions for cross-

CLEANUP DAY PARADE ROUTE IS ANNOUNCED

Route for the cleanup parade Saturday was announced Thursday by Fire Chief John Mack, member of the parade committee.

The procession will form at Elizabeth and Wayne-sts and will pass thru the following streets: South in Elizabeth-st to North-st; west to Metcalf-st, south to Market-st, east in Market-st to Elizabeth-st, south in Elizabeth-st to Kibbey-st, east to Main-st, north in Main-st, to Market-st, east to Central-av, and North to North-st.

A platoon of police will head the procession, which is to get under way promptly at 2 p. m.

NO REDUCTION IN WAGES OF CARMEN, BOARD RULES

Wages paid city trammens on the Ohio Electric lines will remain at the level of the past six months.

Such was the decision handed down by an arbitration board selected to sit in the application of carmen for a boost in wages.

The board was in session at the Argonne hotel two days taking testimony. Its decision, announced Thursday, is satisfactory to both traction officials and the men, it is stated.

The wages paid will be 35 cents an hour for the first three months employed; 41 cent for the next nine months, and 46 cent an hour after one year of service.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation.—Adv.

ST. MARYS MAN MISSING

ST. MARYS — Abe Crissy, 60, farmer, is missing from his home here. Relatives fear he may have met with foul play. The man had \$460 in bank here and withdrew \$250 before he left for Wapakoneta on a business mission. He was last seen in the county seat town. He left the bank in his wife's name.

CURRENT EVENTS

A Simplified Discussion of Topics of Interest for School Children and Busy Adults

THE Turkish Empire, which was broken up in the World War, is coming back to life again. But it will not be nearly as powerful as it was before it joined Germany in the war.

TURKISH EMPIRE'S REVIVAL

The allies will give Constantinople, capital of the empire, back to Turkey. They also will allow Turkey to rule Armenia, Angora, Anatolia and part of Thrace.

But the people of Armenia, who are not on good terms with the Turks, will be protected by the League of Nations.

Great Britain will keep on ruling Mesopotamia, formerly a part of the Turkish Empire, where some think the Garden of Eden, mentioned in the Bible, was located.

And the allies will keep the Gallipoli peninsula, a part of Turkey. This peninsula is important because it controls trade routes.

Since the war ended Turkey has had very little power. The allies sent soldiers to Constantinople to rule that city. The sultan, as the Turkish ruler is called, had no authority at all.

At the same time, Mustapha Kemal Pasha, Turkish officer and politician, set up a government of his own in Angora, Asia Minor. He has been waging war with Greece.

The allies have asked Kemal and the Greek government to stop this war by signing an armistice.

Why have the allies brought Turkey back to life? Probably because their Mohammedan subjects in India and African countries demand it.

Mohammedans look on Constantinople as a holy city and consider the sultan as the head of their religion.

The Turks have ruled Constantinople since 1453 when they took it from the Greek or Byzantine Empire.

The capture of Constantinople was one of the things that led to the discovery of America by Columbus in 1492. The Turks had cut off trade routes to the east and the western European nations believed they could find new ones by voyaging westward.

DASH FOR POLE IN PLANE

Road Amundsen, the explorer who discovered the South Pole, is now in New York planning an expedition to the North Pole.

But he will not undergo the hardships, cold and hunger he suffered on other expeditions. That is because he will go to the North Pole by airplane instead of by the old-fashioned method of ship and dog sled.

Amundsen was born at Borje, with a wireless outfit. With this he will be able to talk daily with people in the civilized world and tell them of his experiences and discoveries.

Amundsen will start for the Pole from Seattle, Wash., June 1. He will allow his airplane to drift across the Pole in air currents.

He hopes to learn more of the northern country, its lands and waters, its animals and air currents than ever has been known before.

Amundsen was born at Borje, Norway, in 1872. He's been an explorer since he was 25.

NAVAL TREATY IS UP

The United States Senate has approved the naval limitation treaty.

CHEST COLDS

Apply over throat and chest—cover with hot flannel cloth.

VICKS
VAPORUB
Over 17 Million Jars Used Yearly

proved the naval limitation treaty which was signed at the recent conference on limitation of armaments in Washington.

This treaty aims to cut down the number of battleships owned by the world's great nations. This, it is thought, will make war less likely and save much money.

The treaty sometimes is called the "5-5-3 treaty" because it provides Japan shall have three battleships for every five owned by Great Britain or the United States.

Thus, under the treaty, if the United States has 20 battleships, Great Britain may likewise have 20 but Japan may have only 13.

The governments of the other nations concerned must ratify it.

The four-power treaty, another treaty signed at the conference on limitations of armaments, also has been ratified by our Senate.

WALKOUT BEGINS IN TWO STATES

(Continued From Page One)

neither miners nor operators would predict today that such an agreement would be reached before the nation began to feel the pinch of a coal shortage.

"We have been asked to substantiate our demands for higher wages and we must have time to do so," said labor members of the committee of eight.

"We are content to wait until the miners have fully presented their case. Then it will be our turn to come to bat," said the operators.

With these comments they resumed discussion of the mass of data on costs of living, wages, prices, hazards of the industry, mechanical production and market profits, on which the union men base their 19 demands. Among them they are stressing the demand for a 20 per cent increase to contract laborers; a minimum of \$5.20 a day for unskilled day laborers; the check-off system by which the mine operator collects the workman's union dues; and a uniform wage scale for machine operators.

HUNTINGTON, W. Va.—(United Press)—It's up to the miners of the Kanawha field whether or not coal operations reopen.

This was the statement available at the office of the West Virginia Coal Operators' association here today.

If miners, thru their local unions or collectively, accept the 30 per cent reduction from the 1923 scale, as provided for by operators of the Kanawha fields yesterday, the mines will open.

Provided, however, the miners refuse to accept the new scale, which approximates that of the November, 1917 pay schedules, the mines will remain closed.

Operators, it was stated, will make no effort to import miners from outside fields, but will employ miners of the Kanawha district, irrespective of their union affiliations, operating "open shop."

The proposed scale is the same as the 1920 schedule, which was the highest ever demanded by the United Mine Workers.

The lowest priced laborer was paid \$5.02 per day while the best day labor price was \$7.18 for machine operators.

CHAIRMAN IS NOT ANNOUNCED

Definite Plan of Relief Fund Increase Not Formulated

Civic organizations in Lima will be depended upon to put the social service bureau fund over the goal line, Glen C. Webb, president of the Chamber of Commerce, declared before the second meeting called Wednesday night to discuss methods of raising the amount needed.

He said that any plan that involves a general solicitation will not be considered.

The committee appointed was not ready to report a definite method for raising the money, on account of having failed to land the man they were after for campaign chairman.

Proposal that a charity ball be given to raise funds was broached by John P. Kaville, representing the Knights of Columbus. Services of an orchestra and the use of the K. of C. hall was offered free.

Manager C. A. Bingham spoke briefly, stating that the city had no funds to appropriate for charity at this time.

The drama organization of the Federated Women's clubs offered to put on a benefit play, the Elks' chorus was offered as a feature for a charity recital and the Ministerial association agreed to cooperate in any movement to obtain funds.

Work of the bureau during the winter has been carried on only thru the untiring efforts of Mrs. Irene Mills Jackson, J. Kennard Johnson told the committee. He praised the work of the bureau, saying that the city had reaped the benefit and must back up the organization.

Another meeting is to be called when a permanent chairman is selected, it was announced.

chine operators and motor runners. Under the scale given the miners today \$3.75 per day is the lowest price while skilled labor will draw about \$5.

Operators pointed out in connection with this reduction of wages the fact that during the peak of coal prices the product was selling at an average of \$10 "run of mine" while last week an average of \$1.40 "run of mine" was secured.

The reaction of miners is problematical. They have been expecting the action of the operators for some time. It is anticipated that some of the miners will go back to work on the new basis, but headquarters of the United Mine Workers at Charleston, denies any break in the union ranks.

Allen Claims to End Rheumatism

ALLENHURST relieves at once. One bottle—full pint—will show you the way to complete recovery or your druggist will gladly return your money. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

The marvelous how quickly it acts. Bleeding relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a week.

Mr. James H. Allen, of Congress Avenue, Rochester, N. Y., the discoverer of ALLENHURST, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenhurst shows immediate results, and he has instructed druggists to guarantee one full pint in every instance. All druggists can supply you.

CLUB WOMEN OF LIMA PLAN ARBOR DAY OBSERVANCE

A call has been sent out by the American Forestry association for special tree planting on Arbor Day, which comes Friday, April 7th, this year.

The Federation of Women's clubs is putting forth an effort to have every member plant one tree this year. If each Lima club woman would plant one tree, it would mean nearly 2000 trees to replace the ones ruthlessly cut down in the past year. Mrs. William Wilson is chairman of the Conservation committee of the federation.

Arbor Day was first observed in 1872 in Nebraska when J. Sterling Morton offered a resolution that was adopted by the State Board of Agriculture, asking that Wednesday, April 10th, be set apart and dedicated to tree planting. In 1885 the date was changed by the Nebraska lawmakers to April 22nd, Morton's birthday.

Today, Morton is called the Father of Arbor Day for this country. Schools are being urged to complete the national wide vote for a national tree. Each tree planted should be reported to the association for registration. This year the honor roll of Memorial trees will be greatly increased because of the 50th anniversary of Arbor Day.

Mrs. W. L. Albert, of Lincoln, welcomed the members of the Thursday afternoon club at an attractively appointed 1 o'clock luncheon at her home, Wednesday. The club was formerly known as the Happy Hour club. Appointments were suggestive of Easter and a center piece of hyacinths, lilacs and jonquils graced the table. In the playing which followed the luncheon, Mrs. Frank G. Wright held high score among the members and Mrs. H. L. Breckenridge among the guests.

The guests included Mrs. J. H. Albert, Mrs. H. L. Breckenridge and Mrs. Elizabeth Fisher. The next regular meeting will be held with Mrs. Frank Wright, of S. Colest.

Mayfair club will meet with Mrs. W. C. Brennan of 1023 W. Elm-st. Friday afternoon.

Mrs. Walter Stokes, of W. Wayne-st, was hostess to the members of the Add-a-Stitch club, Wednesday. A short business session was held after which the afternoon was enjoyed socially and a dainty luncheon was served by the hostess.

The next meeting will be held in two weeks with Miss Emma Snyder, of Lincoln.

Mrs. E. G. Jewell and Master Harold Jewell left Wednesday for an extended stay with relatives and friends in McKean, Kan.

Mrs. Helen Nungesser, a student at Oberlin, arrived home Wednesday for a week's stay with her parents, Mr. and Mrs. William A. Nungesser, of W. Elm-st, during the spring vacation.

Miss Nungesser is entertaining as her houseguests, Miss Margaret Adams, of DeKalb, Ill., Miss Dorothy Shaw, of Springfield, Mass., Miss Florence Kelly, of Grandy, Mass., and Miss Helen Watson, of Philadelphia, all students at Oberlin.

Mrs. Mark Koller, of State-st, was hostess to the members of the Dolphin club, Wednesday afternoon. Mrs. M. A. Wagner presented an interesting paper on the subject, "Prison Reform." The only guest was Miss Pauline Wenner.

Mrs. Ralph Austin, of N. Collett-st, will entertain the club in a fortnight.

Mrs. Roy Scott, of W. Wayne-st, presided at a very informal luncheon at the Elks' Home, Wednesday, in compliment to Mrs. Jack Lutz, who will return to her home in South Pomfret, Vt., Saturday.

Announcement of the coming marriage of Miss Edna Watson to Roland Pierston, both of this city, was made at a pretty appointed affair given by Misses Mary and Eleanor Quinlan of S. Main-st, at their home, Wednesday evening.

The time was spent informally after which a three course luncheon was served. Table appointments adhered to a color scheme of pink and white, favors being tiny heart-shaped messengers, bearing telegrams with the initials E. W. and R. P.

Covers were marked for the following guests: Miss Myrtle Haeger, Miss Edna Watson, Miss Blanche Peith, Miss Ruth Barnet, Miss Cecelia DeTurbin, Miss Vera Rousculp, Miss Helen Carpenter, Mrs. Earl Smith and the hostesses.

The Light Bearers of Market-st Presbyterian church will hold their April meeting at the home of Miss Mary Martha Thew, of 1700 Lakewood-ave, Saturday, at 2:30 p. m. Miss Katherine Greenleaf will give the second story from the text book, "Stay at Home Journeys," by Agnes Wilson O'Brien.

In honor of the birthday anniversary of her husband, Mrs. M. P. Coll, of W. Market-st, entertained a small coterie of guests informally at dinner, Wednesday evening.

Mrs. C. L. Peters, of 1049 W. High-st, will welcome the members of the Iris Bridge club at her home, Friday at 2 p. m.

BROILED FISH

It's Not as "Fishy" as When Fried, Says Sister Mary

Try broiling small fish and fish steaks. The broiled fish is quite a different thing from the fried variety. Broiled fish is dry and not quite so "fishy" as fried. And if you must try fish use the deep fat method rather than the frying pan.

If you broil over a wood or coal fire the fire must be "clear." This means a living bed of coals without flame, but very hot. If you broil under the gas flame, use the same broiler as used over a fire.

It's almost impossible to turn either fish steaks or small split fish without breaking if the regular gas equipment is used. Always rub the wire of the broiler well with oil before putting in the fish.

BROILED FRESH COD STEAKS
Have the steaks cut from one-half to three-fourths of an inch thick. Wash in cold water and dry between towels. Put in a well oiled broiler and broil 10 minutes on one side, turn and broil 10 minutes on the other side.

Remove from broiler to a hot platter, sprinkle with salt and pepper and spread lightly with butter. Garnish with slices of lemon and serve. The fish divides in large dry flakes and is most delicious.

BROILED BLUE FISH
Split fish down the middle and let stand in strong salt water for 15 minutes. Drain and dry between towels. Put in a well oiled broiler and broil first on the flesh side, then turn and broil on the skin side. Broil about 20 minutes.

Remove to hot platter, garnish with parsley, sprinkle with salt and pepper.

Mrs. Wallace King and Mrs. Frederick Pease will entertain the members of the St. Martha's Guild of Christ Episcopal church with a 1 o'clock luncheon at the King home in Shawnee, Friday. All members of the Guild are requested to meet at the church at 12 o'clock. Machines will be furnished for conveyance.

Mrs. Herbert O. Parish, of Hazel-av, entertained the Quinquennial centum club at her home, Tuesday. Five hundred was the diversion and at the close of the play with Mrs. F. R. Siglin holding high score and Mrs. W. M. Carpenter, low, the hostess served a delicious lunch. Mrs. J. E. Massey was the only guest.

The next meeting will be held in two weeks with Mrs. Ross Sprague, of 434 Hazel-av.

Mrs. D. Clutter, of E. High-st, was hostess to the members of the Neighborhood club, Wednesday afternoon. Music and contests, in which Mrs. Wilbur Smith and Mrs. W. L. Bedford were successful, formed the diversions. The hostess was assisted by little Miss Helen Clevenger in serving a dainty luncheon.

Those present included Mrs. C. P. Clevenger, Mrs. W. T. Clements, Mrs. Frank Bushy, Mrs. Wilbur Smith, Mrs. W. L. Bedford, Mrs. Frank Killian and Mrs. Clutter. The next meeting of the club will be held April 20th, with Mrs. Frank Killian, of E. High-st.

TWO-BUTTON
The two-button gauntlet is the favorite glove in both fair and kid.

TRIMMING
Dressmakers are turning to the bright colors, especially in the trimming effects. Tinsel brocade and chenille ribbon are used extensively.

BUTTONS
The most recent run of dress buttons run about half and half between fancy bone and cloth covered ones.

FLOWERS
And still the cost corner floral decoration is popular. A single large flower with a trailing spray is used extensively.

LACE JABOTS
Lace jabots are returning to favor and the Medici collar holds its own in popularity.

LEARN A WORD A DAY
TODAY'S word is PERNICIOUS.

It's pronounced — per-nish-us, with accent on the second syllable.

It means—destructive, dangerous, evil, ruinous, fatal, harmful, mischievous.

It comes from—Latin, "pernicies," destruction.

It's used like this — "The four-power treaty was passed despite the belief of a group in the Senate that it was a pernicious document."

When you plant seeds in your garden or seed on your lawns use Shur-Gro Fertilizer with them and watch for results. City Feed Store, 118 W. Spring-st.

POLLY AND PAUL --AND PARIS

By ZOF BECKLEY.
THE BRIDGE

From the doctor's house Paul rushed with the cry for Polly almost aloud on his lips. Then he pulled himself together and forced his numbed brain to work—to think clearly and without panic.

He saw now his mistake in seeking her among crowds. She would want to get away from people, from the hot surging mob of merry-makers on the boulevards, the noise and jangle of bands and the sight of dancing. Where—where?

He looked about to get his bearings. Below him the city lay in a bed of soft gray mists, out of which he could just discern the stubby spires of St. Sulpice rising from a sea of slate-gray roofs, and the river beyond, with its dozen bridges.

On one of the bridge foundations was the stone figure of a soldier, and when the river rose past his feet people took it as a warning. "The water is to the knees of the Zouave!" "Ah—old Seine is threatening to drown the Zouave!" Polly had been so interested.

"Bless his stone heart!" she had laughed. "He knows the friendly old river won't hurt him. Paul, it's such a chummy river, the Seine, isn't it? The way it ambles right thru the midst of everything—markets, home districts, business sections, elegant gardens—everything that belongs to the people, as if it wanted to see everything that goes on and have a share in it. I love the river!"

He set off for the river walks, hoping giving him new strength. One of his faithful friends, the taxi, came along. He plunged into it. "The quays," he shouted to the driver, "all along this side of the river!" The man shrugged. "These mad Americans! Why should a sane man take an airing by the river at such an hour!"

For a long time they drove, beginning down by Notre Dame, whose gargoyles gazed mockingly over the city, seeing all, telling nothing. They came to the Pont Royal, the bridge nearest to their home, where Paul and Polly always stopped to watch the man selling little glass dogs set on the flat stone coping.

His heart gave a leap. "Wasn't that a figure on the bridge?" A young and slender woman? His girl! Polly! Polly, leaning on the parapet facing the rising sun!

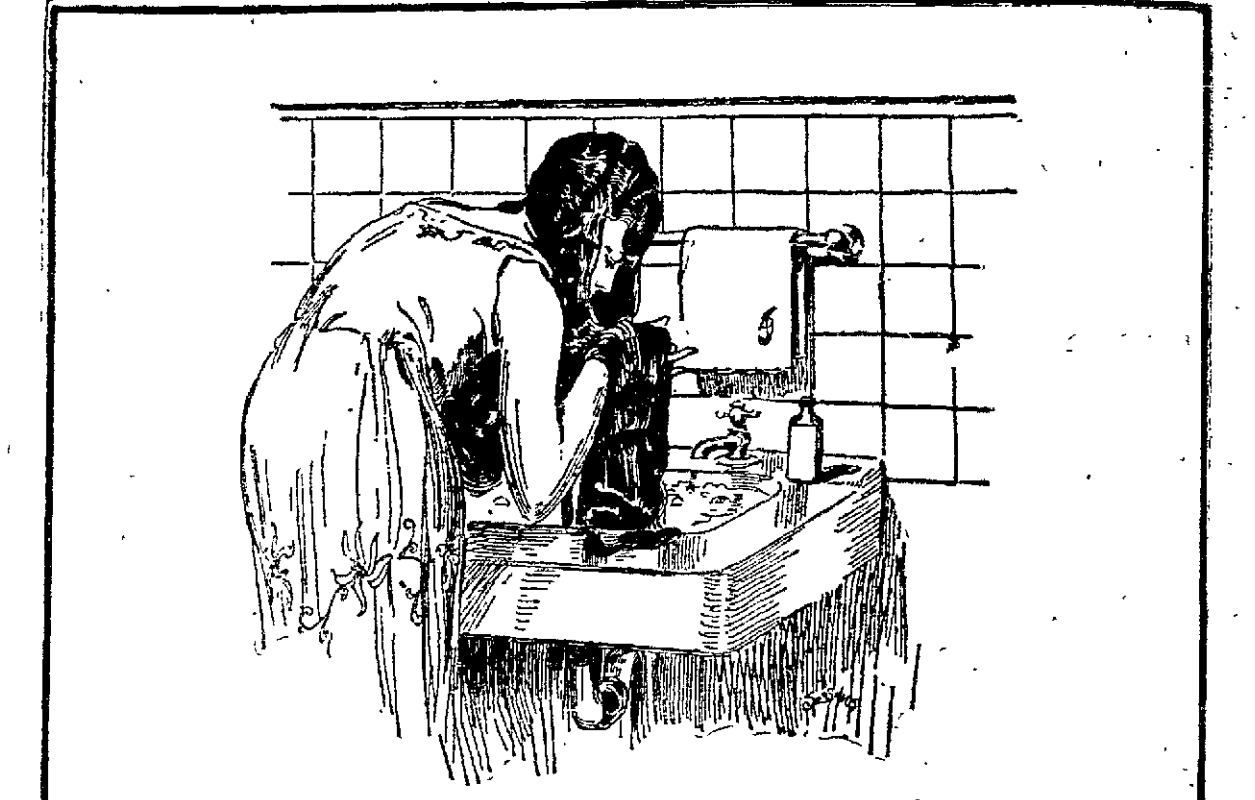

Paul never knew the details of it. He had a vague sense of flinging out of the cab and running—of snatching her in his arms—of her tears on his face—of incoherent words and little sobs—of her clinging to him and his picking her up—and somehow of their getting back to the little flat—and Mme. Dubois coming up wiping her eyes with her apron—and going out again, closing the door softly.

"Is it—true, dear?" Paul whispered the words.

Polly nodded—whole bunches of little nods—and hid her face in his coat.

(To Be Continued)

Gloss and Softness Follow

There is no complaint of dry hair, or brittle hair, or harsh, unruly hair from those who shampoo with Palmolive. Those who accepted the free 15-cent trial bottle know this.

The combination of palm and olive oils imparts beautiful gloss and softness—every strand shines, every hair is silky in texture.

Once you use Palmolive Shampoo no other satisfies. Because no other contains these costly oriental oils famous since the days of ancient Egypt for their beautifying qualities.

What they do
The softening effects of olive oil are responsible for the lovely gloss and softness. It produces the mildest, most penetrating of lathers, which is given body and richness by the blending with palm oil.

This lather is far more than a surface cleanser. It enters every root and hair cell, and purges them from dirt, oil and dandruff.

Yet this hair which is so thoroughly cleansed isn't dry, harsh or brittle. The soothing action of palm and olive oil keeps it soft and glossy.

Don't neglect dandruff
Even the healthiest scalps secrete a moderate amount of dandruff, which doctors call seborrhea and charge with most hair troubles.

It is harmless enough if, when you shampoo, it is thoroughly washed away.

But ordinary shampooing doesn't affect the dry, oily, scales which withstand most cleansing. They accumulate until the hair cells are clogged.

This clogging prevents proper nutrition and your hair begins to come out. This is the danger signal.

The softening, penetrating lather produced by the blend of palm and olive oils penetrates the formation of scales, loosening and dislodging them from hair roots and scalp.

You need never fear dandruff if you shampoo with Palmolive.

If you didn't get the free 15-cent trial bottle of Palmolive Shampoo, fill out and mail this coupon to the Palmolive Company. We will gladly mail it, that you may learn the results which follow even the first Palmolive Shampoo.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try to use acidic all digestive aid and instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water, right after eating. This sweetens the stomach prevents the formation of excess acid and there is no sourness, gas or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, laxative to the bowels and is the most efficient form of magnesia for stomach purposes. Only enjoy their meals with no more fear of indigestion.—Adv.

IF WINTER COMES

By A. S. M. HUTCHINSON

BEGIN HERE TODAY

After eight years of married life, MARK SABRE, a well-educated businessman, realizes that he and his wife, MABEL, have been drifting apart because of fundamental differences in taste. Sabre's delights in poetry, in whimsical humor, in democratic ideals are not shared by the prosaic and egotistical Mabel.

In hours of leisure from his work in the firm of Fortune, East and Sabre, Sabre has charge of the publishing department. Sabre visits his eccentric but charming neighbors, Mr. Farus and "the perches." Young Ferch and his suddenly another friend appears—Nona. She is now Lady Tybar, Sabre's bicycling and her dashing husband, LORD TYBAR.

GO ON WITH THE STORY

Lord Tybar's lady, who was twenty-eight, carried in her countenance and in her hair the pleasing complement of her lord's tan and olive hue and of his cropped black hair. She was extraordinarily fair. Her skin was of the hue and of the sheen of creamy silk, and glowed beneath its hue. It presented an amazing delicacy and yet an exquisite firmness. Children, playing with her, and she delighted in playing with children (but she was childless), often asked to stroke her face. They would stare at her face in that immensely absorbed way in which children stare, and then ask to touch her face and just stroke it; their baby fingers were not more softly soken. Of her hair Lady Tybar had said frequently, from her girlhood upwards, that it was "a most sickening nuisance." She bound it tightly as if to prevent it from being a sickening nuisance that it was to her.

Her name was Nona. Out of a hundred people who passed her by quite a considerable number would have denied that she was beautiful. Her face was round and saucy rather than oval and classical. Incontestable the striking attraction of her complexion and of her hair, but not beautiful—quite a number would have said; and did say. Oh, no; pretty, perhaps, in a way, but that's all.

But her face was much more than beautiful to Sabre.

IV

Greetings had been exchanged; his apologies for his blundering descent upon them laughed at. Lord Tybar was saying, "Well, it's a tiger of a place, this Garden Home of yours, Sabre."

"It's not mine," said Sabre. "God forbid."

"Ah, you've not got the same beautiful local patriotism that I have. It's one of my most elegant qualities, my passionate devotion to my countryside."

"You're a bloated aristocrat and a bloodsucker," Nona told him in her clear, fine voice. "And you're living on estates which your brutal ancestors ravaged from the people. That's what you are, Tony. I showed it you in the Searchlight yesterday. And I say, don't use 'elegant'; that's mine."

"Oh, by gad, yes, so I am," said Lord Tybar. "Bloodsucker? Good lord, fancy being a bloodsucker!"

He looked so genuinely rueful and abashed that Sabre laughed; and then said to Nona, "Why is elegant yours, Lady Tybar?"

She made a little pouting motion at him with her lips. "Marko, I wish to goodness you wouldn't call me Lady Tybar. Dash it, we've called one another Nona and Marko for about a thousand years, long before I ever knew Tony. And just because I'm married—"

"And Sabre," said Lord Tybar, "what the devil does it matter what a bloated robber minds, anyway? That's the way to look at me, Sabre. Trample me underfoot, my boy. I'm a peasant survivor of the feudal system, aren't I, Nona?"

"Absolutely." So, Marko, don't be a completer noodle than you already are."

"Ah, you are getting it now," Lord Tybar murmured. "I'm a noodle, too the Searchlight says." He somehow gave Sabre the impression of taking an even deeper

PATTERN FOR TODAY

A SIMPLE ATTRACTIVE FROCK Pattern 3626 is here portrayed. It is cut in 3 Sizes, 12, 14, and 16 years, for Juniors. A 14 year size will require 4 1/2 yards of 27 inch material.

Gingham, percale, calico, lawn, organdy, crepe de chine and linen would be good for this model. The vest may be of contrasting material, of tucking, net, lace or organdy. The blouse is in "slip over" style. The skirt is mounted on a body lining.

A pattern of this illustration mailed to any address on receipt of 10c in silver.

enjoyment in the incident, between his wife and Sabre in the enjoyment he clearly had in his own face. He was slightly turned in his saddle so as to look directly at Nona, and he listened and interposed, and turned his eyes from her face to Sabre's, and from Sabre's to hers, with his handsome head slightly cocked to one side and with much gleaming in his eyes; rather as if he had on some private mock. "Fanatical notion! What mock could he have?"

"Well, about my word 'elegant,'" Nona was going on, "and why it is

"Jonah's Going to Take Me Into Partnership. Just Told me," He Said.

mine—weren't you asking?" Sabre said he had. "Yes, why yours?"

"Why, Tony and I get fond of a word and then we have it for our own, whichever of us it is, and use it for everything. And elegant's mine just now. I'm dreadfully fond of it. It's so—well, elegant; there you are, you see!"

The mare steadied again. She stretched out her neck towards Sabre and quivered her nostrils at him, sensing him. He put up a hand to stroke her beautiful muzzle and she threw up her head violently and swerved sharply around.

The mare was wheeled round again to her former position; against her will, but somehow as the natural result of her dancing. Marvelous how he directed her caprices into his own intentions and against her own. But Lord Tybar was now looking away behind him to where the adjoining meadow sloped far away and steeply to a cone. In the hollow only the tops of the trees could be seen. His eyes were screwed up in distant vision. He said, "Dash it, there's that old blighter Scooper. He's been avoiding me. Now I've got him. Nona, you won't mind getting back alone?"

He twisted the mare in a wonderfully quick and dexterous movement. "Goodby, Sabre. You don't mind, Nona?" And he flashed back a glance. He lifted the mare over the low bank with a superbly easy motion. He turned to wave his hand as she landed nimbly in the meadow, and he cantered away, image of grace, poetry of movement. Fortune's favorite.

V

The features of the level valley beyond the brow where only he could have seen the individual he sought, were, at that distance, of Noah's Ark dimensions. "How he could have recognized any one!" said Nona, "her gaze towards the valley. 'I can't even see anyone. He's got eyes like about four hawks'."

Sabre said, "And rides like a—"

What do they all those things—'He's a centaur'?"

She turned her head towards him. "He does everything better than anyone else," she said. "That's Tony's characteristic. Everything. He's 'eccey wonderful!'"

These were enthusiastic words; but she said them without enthusiasm; she merely pronounced them. "Well, I'm off, too," she said. "And what about you, Mar'o? You're going to work, aren't you? I don't think you ought to be able to stop and gossip like this. You're not getting an idler, are you? You used to be such a devoted hard-worker. 'My word,' and she laughed as tho at some amused memory of his devotion to work."

He laughed, too. They certainly had many recollections in common, tho not all laughable. "I don't think I'm quite so—so earnest as I used to be," he smiled.

"Ah, but I like you earnest, Marko."

There was the tiniest silence between them. Yet it seemed to Sabre a very long silence.

She was again the one to speak, and her tone was rather abrupt and high-pitched as if she, too, were conscious of a long silence and broke it deliberately, as one breaks, with an effort, constraint.

"And how's Mabel?"

"She's all right. She's ever so keen on this Garden Home business."

"She would be," said Nona. "And so am I!" said Sabre. Something in her tone made him say it defiantly.

She laughed. "I'm sure you are, Marko. Well, goodbye;" and as Derry and Toms began to turn with his customary sedateness of motion she made the remark, "I'm so glad you don't wear trouser clips, Marko. I do loathe trouser clips."

He told her that he rode "one of those chainless bikes."

We said it rather mumbly. Exactly in that tone she used to say things like, "I do like you in that brown suit, Marko."

He r-umed his ride. A mile farther on he overtook, on a slight rise, an immense tree trunk slung between three pairs of wheels and dragged by two tremendous horses, harnessed tandemwise. As he passed them came the smell of warm horse-flesh and his thought was "Pretty!"

He shot ahead and a line came into his mind:

"Was this the face that launched a thousand ships?"

Well, he had had certain aspirations, dreams, visions.

CHAPTER II

Sabre found but little business awaiting him when he got to his office. He took out the manuscript of "England" and turned over the pages. He wondered what Nona would think of it. He would like to tell her about it.

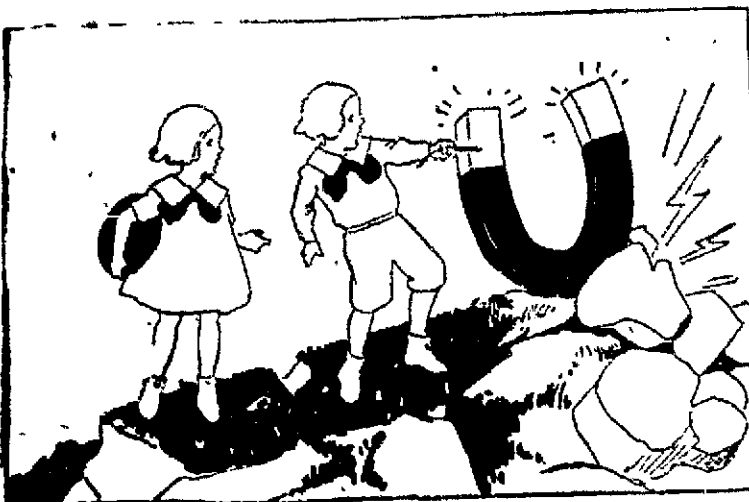

Twynning came in. Twynning was of middle height, very thin, black-haired. His clean-shaven face was deeply furrowed in rigid-looking furrows which looked as tho the shaving would be an intricate operation. He held himself very stiffly and spoke stiffly as tho the cords of his larynx were also rigidly inclined. When not speaking he had a habit of breathing rather noisily thru his nose as if he were doing deep breathing exercises. He was married and had a son of whom he was immensely proud, aged eighteen and doing well in a lawyer's office.

He came in and closed the door. He had a sheet of paper in his hand. "Jonah's going to take me into partnership. Just told me."

HORSESHOE MAGNET

By OLIVE ROBERTS BARTON

"I won't go without you," declared the faithful Nancy. "Oh, oh!" cried Nancy. "Pull! I'd listened to Pim Pim. He told me hard, Nic! Pull as hard as you can."

"I did," answered Nick, giving another tug. "but it's no use. The harder I pull away the more the feather seems to hold me. I wish I knew, being a quill out of the f-

ous falcon) as tho it were glued to it, and, in turn, Nick's fingers were sticking as hard to the r- feather. "You'll have to take the record, Nancy, and go alone to the Land of the Diddyevers. I'll have to stay here."

"I won't go without you," declared faithful Nancy. And so for a while it looked as tho the adventures of the Twins had come to a sudden end and they would spend the rest of their lives on the top of the Electric Mountain with the criss-cross wires spitting out electric sparks all about them.

But suddenly the feather dropped to the ground. "Well, I declare!" said an astonished voice. "I've lost my temper." The voice was so good-s-ured that the Twins were puzzled at the words. "Who are you?" called Nancy.

"Where are you?" cried Nick, happy at being free. "I'm me and I'm here," answered the voice. "I'm the famous 'Horseshoe of the Mountain.' Twelve T. V. the Sorcerer, put me here a hundred years ago to prevent travelers from getting to the Palace of the Princess Thelma. You see, being a magnet, I draw all metal things to me. Mostly nails out of people's shoes and pins and buttons. When their shoes and clothes fall to pieces they can't go on and have to return. And if anyone touches me he can't let go. You're lucky! You see, my power

Blackheads indicate your cleansing method is wrong

BLACKHEADS indicate that the method you are using is not the right method of cleansing for your type of skin. A skin specialist would tell you that blackheads are caused by excessive oil collecting dirt in the pores of your skin.

To do away with the cause of blackheads and free your skin from this disfiguring trouble, use the following simple treatment:

APPLY hot cloths to the face until the skin is reddened.

Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion.

Rinse with clear, hot water, then with cold—the colder the better.

If possible, rub your face for thirty seconds with a piece of ice. Dry carefully.

To remove blackheads already formed, substitute a flesh brush for the washcloth in this treatment. Then protect the fingers with a handkerchief and press out the blackheads.

GET a cake of Woodbury's today, at any drug store or toilet goods counter, and begin this treatment tonight. You will be astonished to see how quickly your skin will improve in clearness.

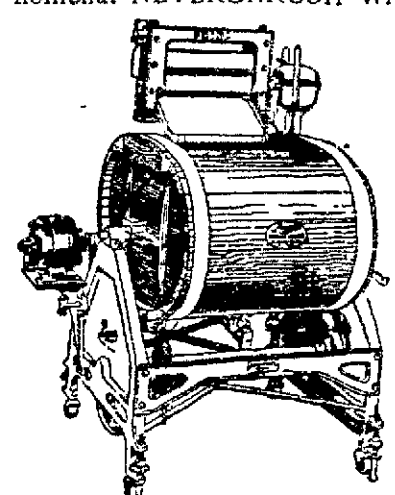

A 25-cent cake of Woodbury's will last for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York, and Perth, Ontario.

MOVIES CUT OVERHEAD; BETTER PICTURES NOW

(By ESTHER WAGNER)

PRODUCTION of motion pictures is now on a better basis than it has been in the last 12 months. Several big companies have consolidated. Another consolidation is near. It involves two of the biggest companies in the business.

This has resulted in saving great amounts of money consumed in overhead expense. Those savings are now going into production. Pictures are costing more to make than formerly. More attention is being given to detail and casts. Former stars are playing in supporting roles. All of this is reflected in the newer pictures. Photoplays of today are

better technically and artistically than they have ever been before.

DOWN GO SALARIES

With business picking up in the studios star salaries are going down. More than a dozen stars and leading players have changed connections in the past month.

These changes were not brought about by higher bids made for stars' services by other producers. The competition of producers in bidding for players' services has ended.

The high salary fever, however, seems to have infected Europe. Claude Albert, a youngster of Jackie Coogan's age, is entering the movies at a salary reputed to be \$25,000 a year. It is probably 25,000 francs.

Lina LeLong, a little French tot, has also entered the movies at a salary reported to be equal that of our own Baby Peggy.

Alice Brady In "Dawn Of the East"—Faurot

A STORY that contains all the mystery and intrigue of an Oriental political plot, and all the romance and charm of an American love story — that's "Dawn Of The East," Alice Brady's picture which is appearing today at the Faurot.

Miss Brady seems different, somehow. She's a subdued and unsmiling Alice, more a real person than she has ever been before. At many times she is extremely good to look at.

Natalya (that's Miss Brady's role in the picture) is a Russian Countess stranded in China. In order to support an invalid sister and herself, she is forced to dance in a cafe known as the Almond Blossom, where tourists saunter and sip tea, and the busy little Chinamen plot and counterplot. Here she meets Roger Strong and his mother, whom she knew in Russia. Strong is also known by Sotan, a politician striving to close the gates of the east. He

knows that Strong has valuable papers which, in his own possession, would prove of infinite worth, so the plotting begins. "Thru his machinations, which provide her with a wedding dowry from one, Wu Ting, enabling her to escape with her sister to America, he believes that he has a strong hold on her allegiance. He awaits the day when Strong shall marry her, and when she shall be forced to give him, Sotan, the papers."

How this works out to the ultimate happiness of all concerned is most interestingly told. The picture is full of unexpected happenings, is well acted and most picturesquely staged. Miss Brady is nice at all times and in Kenneth Harlan she has a pleasing young leading man. Notice especially the work of Michio Ito, as the slim, evil, boyish, always-scheming Sotan. He's excellent.

Today ends the engagement of "Dawn of the East," at the Faurot.

Raynor Lehr Company Proving Popular—Orpheum

TO THE seasoned devotee of vaudeville as a means of diversion, and to the many who have attended the Orpheum this week at the urgent behest of friends, relatives or in fact, anybody, the attractions submitted by Raynor Lehr and his company of entertainers are proving exceedingly popular.

Mr. Lehr himself, a clever dancing comedian, provides enough merriment to warrant a most pleasurable evening. Darktown monologues, character songs, dance impersonations, both original and otherwise, he hands out with a broad grin and an utter disregard for what the rest of the cast may be doing. His rendition of the Frisco and other popular dance steps, at his performance on Wednesday, of which yours truly was an interested spectator, won the

everlasting admiration of his audience.

One of the features of the bill is the quartette, each member of which possesses more than a modicum of talent. And the jazz and blues numbers offered by the clever young pianists and her three musically-inclined assistants created more than a passing comment.

The chorus is sufficiently attractive and vivacious to be charming. Use your own judgment. Of special numbers and solos there are several.

For an evening of light entertainment, comprising many laughs and good music, the Raynor Lehr aggregation are worth patronizing. They've a new bill to offer on Friday, better and snappier, they say, than ever.

Faurot—"Three Wise Fools"

BEARING the enviable endorsement "the best acted-comedy in years," "Three Wise Fools," Austin Strong's delectable play, will be presented by John Golden, producer of "Lightnin'," at the Faurot next Monday night.

Due to long runs and repeat engagements in the big cities of the East, local players have had to wait some time for this attraction, but they will now be rewarded for John Golden, the producer is sending here the original production which established the ten months run in New York City. "Three Wise Fools," is a clean, wholesome comedy, sparkling with fun and acted superbly. In fact, distinguished critics have stated that not since the days of August Daly and Lester Wallack has the stage seen such a perfectly assembled cast. John W. Ransome, of "Princes of Pilsen" fame, and Hazel Sexton will head the well balanced cast.

W. H. HILL COMPANY, DETROIT.

Read This About RUPTURE

If you are ruptured and want quick relief from the daily torment and distress the best thing you can do is to get a bottle of a prescription known as "Edwards' Olive Tablets" and apply a few drops nightly.

Relief comes the very next day and in a few days all serious distress and the swelling is reduced. Moore's Emerald Oil is so powerfully penetrating that many who use it assert that it stretches the lower abdominal muscles so that the rupture is held more securely.

Understand that it will not cure rupture but it will give blessed relief which is worth much more to those who suffer. Moore's Emerald Oil is the remedy that has proven so successful in reducing varicose veins and swollen glands. The price \$1.00. Druggists or you can get it by mail, charges paid, from International Laboratories, Rochester, N. Y. All druggists.—Adv.

LINA LE LONG, FRENCH CHILD SCREEN IDOL, CONSIDERED ONE OF THE MOST BEAUTIFUL OF MOVIE CHILDREN.

O'Grady," featuring Midge Bellamy. She recently completed a movie version of that old ballad, "On the Banks of the Wabash." The vogue now seems to be the rendering of ballads in celluloid.

IN THE GRAB BAG
Harold Lloyd has now risen to the dignity of having a person to represent him. That job is in the capable hands of Joe Reddy, former publicity director of Pathe.

Wally Reid will be supported in "The Dictator" by Lila Lee. Theodore Kosloff, Kalla Pasha; Alan Hale, Walter Long, Fred Butler and Sidney Bracey.

Leah Baird completes "When the Devil Drives."

Scenes for the four-part film showing the life of Frederick the Great were shot in the royal palaces at Berlin and Potsdam.

Irvin Willat will direct Dorothy Dalton in her next picture, tentatively called "The Chatter."

Constance Talmadge intends to forsake straight comedy for more dramatic roles. She is to star in "East is West."

Barbara Tennant, who was a star 10 years ago when a two-reeler was a feature, returns to the screen in "The Masquerader."

Leatrice Joy, the lovely creature in "Saturday Night" has been signed by Marshall Neilan to play one of the principal roles in his current picture, "Her Man."

"Broadway Rose" is the title of Mae Murray's next picture. "For at heart she's a gem—the whole world depends on—" (Made from the song, I suppose.)

"CLARENCE" Paramount has purchased screen rights to Booth Tarkington's "Clarence," William DeMille, director, and Clara Beranger, scenarist, who handled the pictureization of "Miss Lulu Bett," "Bought and Paid For" and "Nice People" will produce this

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

CLAUDE ALBERT, WHO RECENTLY WON A CONTEST AS THE MOST BEAUTIFUL CHILD IN FRANCE, WILL ENTER THE MOVIES AT A SALARY SAID TO BE \$25,000 A YEAR.

picture. That promises a satisfactory result.

FOOD LESSON No. 9

In What Easier Way Can You Save Money?

—than by buying a pound of Jelke GOOD LUCK and coloring it yourself at home.

Color adds nothing to the flavor of GOOD LUCK—only to the looks. Many people do not bother to color at all; preferring the creamy-white of the natural goods.

If you prefer a yellow spread, however, it is but the matter of a moment to color two or three pounds.

Form into a neat roll, or repack into the carton or place in a crock. You will have a delicious spread made of the purest of ingredients.

And you will be saving money.

HERE IS THE ANSWER TO BILLY EVANS' ANNUAL BASEBALL PROBLEM

BY BILLY EVANS

THE first batter up hit the ball over the fence and made the circuit of the bases.

The ball was in fair territory when it passed over the fence. However, when it finally passed from the umpire it was in foul territory. That made it a foul ball. The umpire so ruled.

That makes one runner who crossed the plate and didn't score a run.

The same batter then hit a long drive to the outfield on which he made three bases. As the runner undid third he wanted to continue on to the plate, the coach, however, grabbed him and shoved him back to third.

The throw to the plate got away from the catcher,

er, and the runner, getting to his feet, crossed the plate.

This made the second runner to cross the plate. The run, however, did not count as the umpire called the baserunner out because of the coach's interference.—One out.

The second batter hit one over the fence and completed the circuit of the bases, while the crowd cheered wildly.

When he reached the plate the umpire informed him that the catcher had tipped his bat. This act on the part of the catcher made the home run void and entitled the batsman to first base only.

Three runners have now crossed the plate, yet no runs have been scored.

The third batter singled, sending the runner on

first to second.

The fourth batter doubled, sending the runner on second across the plate and the runner on first to third.

The runner originally on second, who crossed the plate on the hit, failed to touch third base. The ball was thrown to that base and the umpire declared the runner out who had apparently scored.—Two out.

This makes four runners who have crossed the plate and yet none have actually scored.

The fifth batter receives a base on balls, filling the bases.

The sixth batter hits a home run, the three runners on the bases crossing the plate ahead of him.

It was then discovered that the batsman had hit out of order. An appeal was made to the umpire. He

declared the proper batsman out. This made the third out and erased the four runs that had apparently scored on the hit.

These four runners who had crossed the plate, in addition to the four who had previously made the circuit, make eight runners in all crossing the plate yet no runs were scored.

The first out was due to the coach's interference, the second because of the failure of a runner to touch a base, the third because a player had batted out of order. In no case was a player retired by being actually touched with the ball.

Thus a base on balls, a single, double and triple were made and three balls hit over the fence, all being in fair territory when they passed out of the playing field, without a run being scored.

SPORT CORES

He hit the ball an awful crack, and the home cheering came, didn't score a run because 'twas in a polo game.

THREE ARE AWARDED SEASON PASSES

AFTER racking their brains over Billy Evans' conglomeration of freak plays, the hundreds of fans who perused it evolved so many and such good explanations that to do justice to them The Lima News declared six prizes in addition to the seven which had previously been arranged.

For the season ticket in the men's contest, for instance, there developed such close rivalry between Alvin Zurluh, 375 S. Jackson-st, and P. J. McNamara, 500 W. Kibby-st, that Bernie Halloran, manager of the Lima Independents, consented to giving them both season passes.

Among the women, Mrs. J. J. Fog-

TEN RECEIVE TICKETS FOR FIRST GAME

There were also such good answers their newly printed tickets for the among the second best answers that season, recipients of the prizes will instead of five, ten additional first- instead of five, ten additional first- game admissions were allowed. yet. Manager Halloran expects them very shortly and they will be sent out as quickly as possible. The following are entitled to first game admissions:

Norman Boze, Earl V. Reedy, P. Forche, Ralph C. Williams, G. H. Alspach, Burnett S. Slansky, Michael Kelly, Mrs. Catherine Mummaugh, Arthur Trachsel and R. A. Garrigus.

PUZZLE INDICATES INTEREST IN BASEBALL

In closing the contest, The Lima News sport editor heard this statement from Manager Halloran, whose co-operation in offering the tickets assisted in making it successful:

"I congratulate you on the success of our enterprise. The fans exhibited lively interest throughout and it is a good indication that baseball will have one of its greatest seasons this spring and summer in Lima."

ZURFLUH CITES FREAK BALL GAMES

Zurluh's answer is clear, concise and is almost identical in explanation with the Evans answer except in the manner in which one of the outs was made. Further, he cited the games in which some of the plays the pro- pounder gleaned his material from, were played.

First man up—Knocks foul fly over fence. It was in fair territory when it passed over, but later when it returned to bat, he tripped, but is retired by being touched by the coach at third. One ball over fence. One triple.

Second man up—Doubles and is safe at second.

Third man—Singles, No. 2 advancing to third.

CLEARNESS FEATURES McNAMARA'S ANSWER

McNamara's explanation is also very good. It was well gotten up and took precedence over which may have been considered for the prize had they been more clear as to details.

A—Hits over fence and fails to touch home plate. Umpire puts ball in play and catcher touches the plate, batter being ruled out, but he gets credit for a triple. One runner apparently crosses the plate. One ball is hit over the fence. One triple. No runs and one out.

B—Singles.

C—Doubles, B advancing to third and C to second.

D—Hits over the fence. B, C and D apparently cross the plate, but D had hit the ball outside the batter's box. Umpire rules him out on illegally batted ball. B and C go back to second and third. In this mix-up three runners cross plate. One ball is hit over the fence. No runs and one out.

E—Base on balls. Bases full.

G—Hit over the fence, B, C and G crossing plate, but an opposing player calls attention of umpire to G batting out of order or before F. In this mixup four runners reach home. One ball hit over fence. No runs and one out.

Summary—Eight runners apparent- ly cross plate. Three balls hit over fence. One single. One double. One triple. One base on balls. No runs. Three men out without being touched by ball.

MRS. FOGERTY SENDS IN GOOD ANSWER

Mrs. Fogarty's answer is excellent for a woman, and indicates women are as close observers of the national pastime as men.

A—Hits over fence. Fielder throws glove at ball and A gets credit for triple, and is out at plate on interference of the batter.

B—Doubles.

C—Receives a base on balls.

D—Singles—B and C advancing one base.

E—Hits over fence. It was an il-

TO BATTLE IN COSHOCTON

Coshocton, Ohio, in the southeast- ern part of Ohio, will be the scene April 6, of a ring battle featuring Don Baxter, Lima's stellar banty. He fights Young Murchin and will go in at catch weight.

Murchin will make 124 pounds, but even though he is in the feather- weight division the local flash is doped to lick him. Don will proba- bly make 118.

It is the main bout of the card. If Baxter wins Ed Schlatter will campaign him in many other cities and towns in that portion of the state.

SEEKS "TUTS" GOAT

Another of Schlatter's boys, Tom- my Warren, is angling for a fight with "Tut" Jackson, the big Wash- ington C. H. negro heavyweight, who has a string of 23 knockouts and scraps Sam Langford at Dayton.

Babe Bream is almost sure to be on the next big card at Hamilton to be put on by the American Legion. Connections have not yet been made, but the doughboys insist that the Babe be with them.

PUZZLE WINNERS

Season tickets — Alvin Zurluh, 375 S. Jackson-st; P. J. McNamara, 500 W. Kibby-st, and Mrs. J. J. Fogerty, 538 N. West-st.

Tickets to first game—Nor- man Boze, 701 W. Market-st; Earl V. Reedy, Elida; P. Forche, 407 Garfield-av; Ralph C. Williams, Main and High-sts; G. H. Alspach, 412 Harrison-av; Burnett S. Slansky, 528 W. High-st; Michael Kelly, 603 N. Elizabeth-st; Mrs. Catherine Mummaugh, 411 E. Albert-st; Arthur Trachsel, 545 W. Market-st, and R. A. Garrigus, 1308 W. North-st.

LEAD CHANGES AGAIN

MIXED DOUBLES STANDING

Shirmer-Rasmus	2941
Williams-Halloran	2769
Crumline-Mulcahy	2713
Matthiae-Willett	2698
Vaish-Cardos	2579
McFarland-McFarland	2465
Ripley-Cullahan	2464
Halloran-Borer	2360
McGraw-Kennedy	2355
Scully-McLaughlin	2249

Miss Hilda Shirmer and Frank Rasmus regained the lead in the K. of C. mixed doubles tournament last night when 16 pairs took the drives and rolled the first half of the third week schedule. The rolling of Miss Shirmer was not as strong as she has shown in past series, but, however, her bowling mate was in rare form, contributing counts of 236 and 227 in his first two efforts and closed his evening's work with a 157 score, making the total of the pair stretch 43 pins over the 1000 mark.

L. Tam and Tom Daley were pushed by several contesting pairs for second place in the standings, but they came thru in the final game and retained their place. Clarence McFarland piled up 606 wood-on men, having two scores over the 200 mark.

The tournament will be resumed Friday night when 16 teams will complete the third week schedule. Hertz Seals and Margaret Horrigan, Addie Ritzler and Gladys Sontag, Grace Shirkey and Joe Goodrick are three runner-ups for first place position and their work will be fol- lowed closely by all the pin shooters. Games last night:

SPEAKER, NOT PITCHING, INDIANS' WORRY

CLEVELAND — Cleveland finished second to New York last year after a bitter struggle to the very end.

Can Cleveland make a better showing in the coming campaign? That question is of interest to followers of baseball the country over.

On paper Cleveland has a better ball club than in 1921.

Paper ball clubs, however, do not always come thru.

Games are won on the ball field.

Cleveland, like every other club, must get pitch- ing to be anywhere. In summing up the club's chances most of the experts dwell on that feature.

At this stage of the race, however, the chances for the Cleveland club to be a dangerous contender hinge around Tris Speaker.

BOSTON LEADER PREFERS TO DEVELOP HIS OWN YOUNG BALL PLAYERS

OWNER GRANT and Manager Mitchell of the Boston Braves believe in developing their own players.

Mitchell is really the Connie Mack of the National League. The Braves' manager has been responsible for the developing of a number of play- ers now rated as National League stars.

Owner Grant doesn't believe in paying from \$25,000 to \$75,000 for stellar minor league stars. He says he wouldn't if he could, and couldn't if he would.

Owner Grant is a business man

TEX IS ON WARPATH

(BY HENRY L. FARRELL)

NEW YORK—Tex Rickard wants "no help to get the gang that 'got' him".

"I know pretty well who they are, and I know how to handle them. They're smart workers and it may take time, but I'll get them and turn 'em up", he said.

Rickard is the latest and most prominent on the list of New York- ers, said to have been selected as vic- tims of a big blackmailing ring. BLACKMAIL VICTIM?

Rickard declares he was asked \$50,000. He refused and spent \$150,000 beating the fate with which they threatened him.

The ring threatened to "expose" the saloon-keeping and gambling part of his past. Rickard went on the stand voluntarily and related his career from start to finish.

The gang selected the "two little girls" game as the weapon.

Several months before the same game had been worked on a young New York banker and he turned over one payment of \$75,000. How much more he has paid since is not known. Rickard, however, decided to fight it.

TO HAVE A BRUNSWICK PHON- OGRAPH IN YOUR HOME IS TO ENJOY THE AUSTROCAT OF THE PHONOGRAPH WORLD.

THE MAUB PIANO CO.

RETAINS CUE TITLE

CHICAGO — Jake Schaefer today retained world's champion at 13.2 balk line billiards. In a heartbreak- ing finish last night he noosed out the veteran Willie Hoppe, 1500 to 1,468. Thereby "Young Jake" proved con- clusively that his two previous vic- tories over the man who for sixteen years reigned supreme in the world of balk line billiards were not flukes.

RAIN HALTS GAME

CINCINNATI — Rainy weather again greeted the Cincinnati Reds team at Wichita and the game sched- uled to be played with the Western League champions was called off, the Reds moving on to Joplin where a game is scheduled for this afternoon.

OULD CREATE U. S. WORK

aken Up by National Foreign
Trade Council

(BY B. C. FORBES)

NEW YORK. (Special)—Money
crowded by foreigners and spent
foreign countries may or may not
directly benefit the people of this
country.

Money borrowed by trustworthy
foreign interests and spent wholly
partly in this country directly
benefits American business and
American employment.

John Bull, a past-master in inter-
national banking and international
commerce, knows this very well and
rarely consents to raise capital
foreigners unless they agree to
and a generous slice of it in the
chance of British goods. A Lon-
don cable received the other day
said:

"The credit of three million
pounds by the British government to
Russia is taken as a very favorable
sign as the money is to be
used here."

This week another London cable
announces that of a four million
and credit granted Poland, one
million pounds must be used in buy-
ing materials in Britain.

This is no new wrinkle on the
part of John Bull. For generations,
British capital has been raised
other countries, such as Brazil,
Argentina, Canada and Oriental
countries. The lenders have seen to it
that a goodly part of the money re-
quired at home to fill British fab-
ric and keep British factories
and foundries busy.

So much opposition to lending any
national sums to foreign countries
sprung up among the rank and
file of the American people that it
bores to make their proposed
loans palatable to the American
people. The best way to do this is
to stipulate that as much as possible
the money thus raised be re-
quired for the pay envelopes of our
workers, the treasuries of our
factories, and the coffers of our
farmers.

One important matter is being
taken up by the National Foreign
Trade Council, a highly respect-
able organization including in its membership
large employers of labor as
United States Steel corporation,
General Motors, Pullman com-
pany, Consolidated Steel corporation,
Westinghouse Electric company,
Ford Motor company, United
States Rubber company, International
Harvester company, American Lo-
comotive company, General Electric
company, Wilson and company and
many others.

A letter to trade bodies thro-
ughout the country, the secretary of
the council makes these sensible
statements:

"The United States today has an
establishment capable of
producing much more than is need-
ed to meet domestic requirements.
The weakness of foreign trade is one
of the most influential factors in
our present business depression.
Foreign Trade Council believes
this depression might be sub-
stantially relieved by requiring for-
eign countries which are borrowing
to follow their loans with or-
der that would give work to Ameri-
can factories."

It is recognized, of course, that
all loans are susceptible of
an agreement, but a tabu-
lating of the foreign loan in the
United States since January 1,
discloses the fact that in a
number of instances in which such
a loan might well have been in-
troduced by the underwriters, it
did not. In some recent notes
issued in the United States, Euro-
pean borrowers expressed surprise
at being required to agree to
at least part of their loan
being used for the purchase of Ameri-
can products.

One especially noteworthy
after the loan agreement had
been executed without this provi-
sion the borrowers admitted that
they had been prepared to accept
a stipulation, and had expected
it required to do so. They also
admitted that since they had not
been asked to expend any part
of the loan proceeds in the United
States, the funds would be used for
purchase of supplies in Ger-

many during a visit to Wash-
ington that the administration has
decided views on this whole
of foreign loans.

Recently, the administration is
strongly opposed to sending
American money to European
countries that have utterly failed
their financial house in order
administration says to our
people:

"American money for foreign
loans to pay armies, balance
of other non-productive pur-
poses, the administration, in fact,
wishes to favor upon loans to
bring foreign interests and
American funds to the United States.
And, perhaps, you have not
noticed lately a number of such
have been successfully floated
America, having the only large
of non-used capital in the
world, the administration feels
strongly that this capital
should not be dissipated by foreign
loans that have failed to
their taxation, military and
problems of a proper basis.

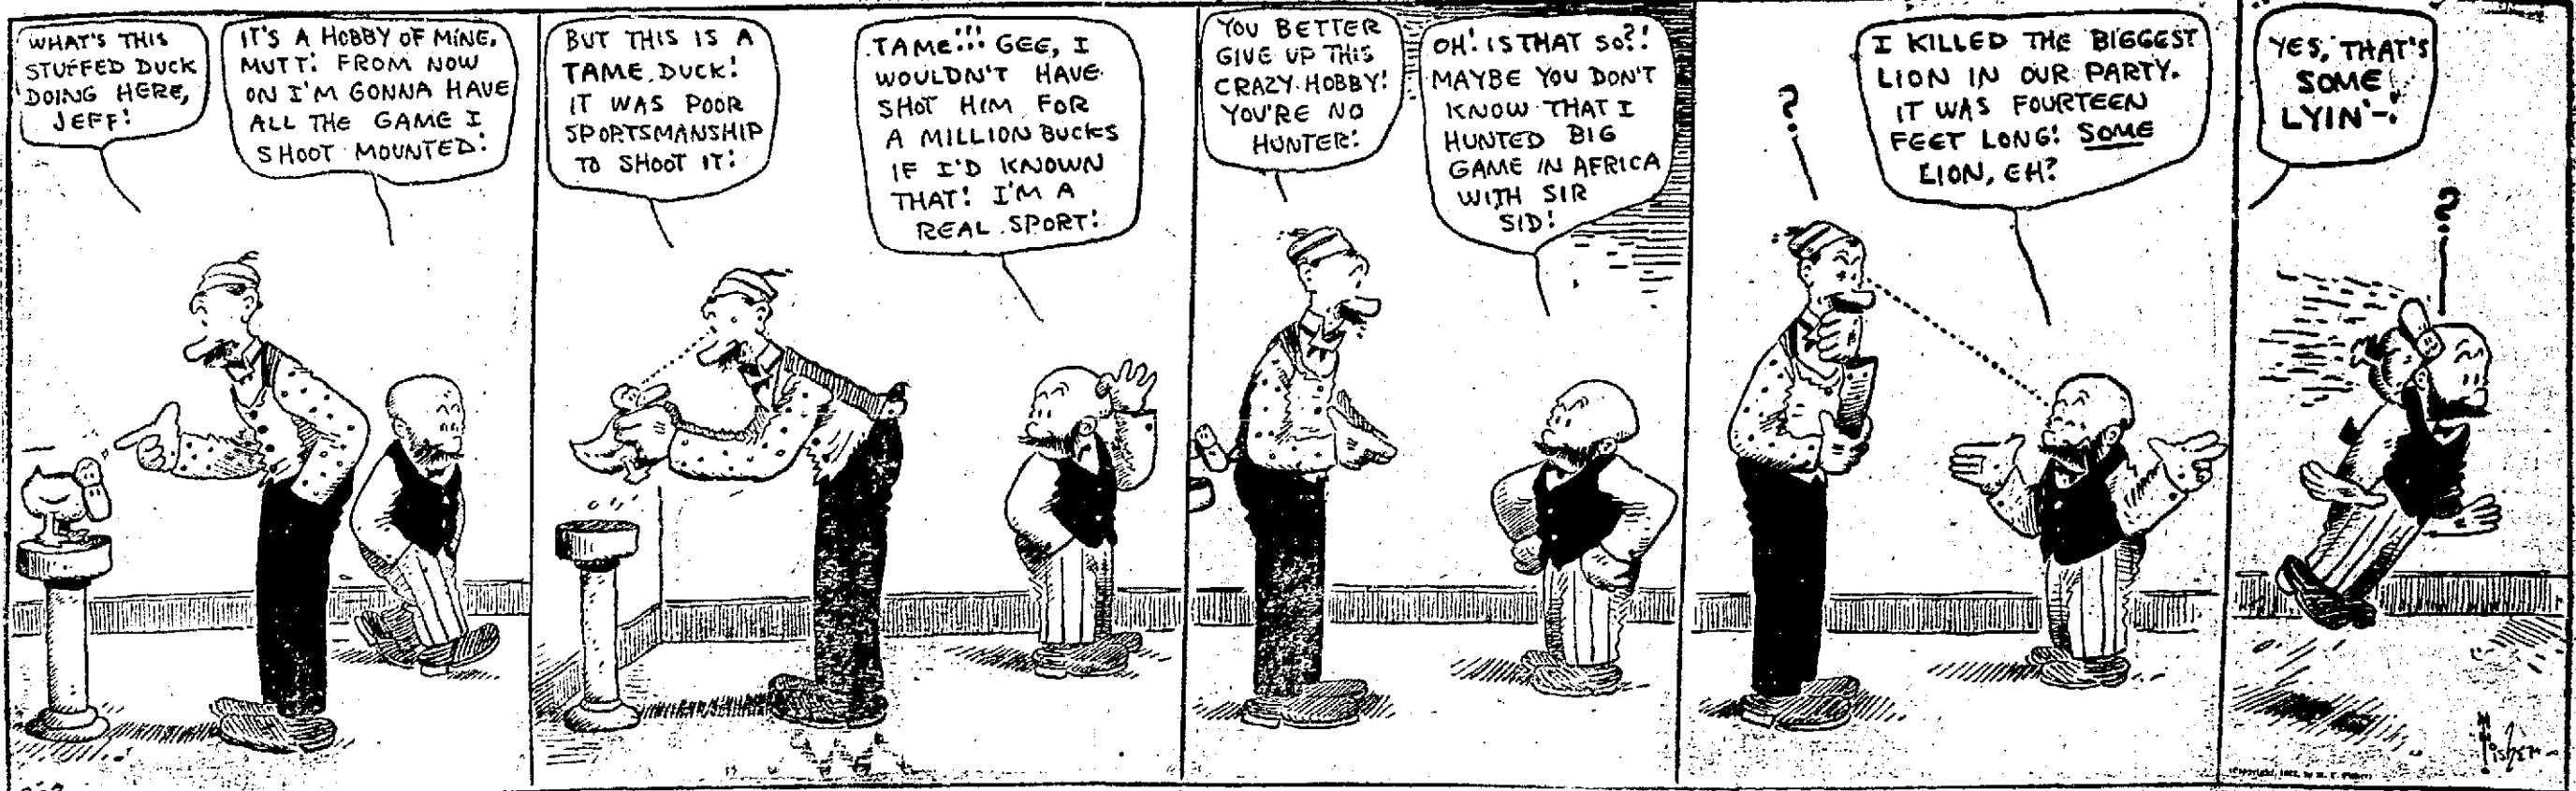

Our international bankers
are used to these various con-
ditions and contrive, as far as
possible, to confine their foreign
loans to absolutely trust-
worthy borrowers who shall agree
to part of the money to keep the
flowing from American fac-
tories and keep pouring in-
ternational pay envelopes.

MUTT AND JEFF—SOME PEOPLE HAVE A VIVID IMAGINATION—

By BUD F.

BRINGING UP FATHER—

By McMA

SHORT SHAVINGS

W. B. Kirk, attorney, reports that a cat slipped into the top of a clothes chute in the home of one of his neighbors, dropped two stories and came out of the bottom of the chute in the basement.

"The laundress, at work there, was startled," he says "and so was the cat."

Clay Paine, Kiwanian, attempted to balance a pie on the tip of his nose while he was attending a social gathering. But his foot slipped on the waxed floor.

"What I'm trying to figure out," Paine says, "is how I got turned around so that I sat in the pie when I fell."

Harry Goldsberry, Charles-st., reports a young man in his neighborhood invented a rope fire-escape.

He tied the rope about his waist and lowered himself from an upper window.

"But the rope was too short," he told Goldsberry in relating his experience, "and left me dangling in the air with my feet off the ground."

J. F. Drennen, S. Elizabeth-st., tried to catch rats that were attacking a neighbor's chickens.

"They were too smart," Drennen said. "They learned how to set off the trap and jump away too quick to be caught."

Gene Lippincott, prosecuting attorney, has lost faith in his belief that animals know what gratitude means—especially cats.

A kitten climbed into a tree and seemed to be unable to find its way back to terra firma. The plaintive meows of the feline aroused Gene's sympathy. When he tried to rescue kitty, it only climbed higher up and continued meowing.

CRAMPS, PAINS
AND BACKACHE

St. Louis Woman Relieved by
Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo.—"I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound for such troubles and they induced me to try it and it has helped me very much. I don't have cramps any more, and I can do my housework all through the month. I recommend your Vegetable Compound to my friends for female troubles."—Mrs. DELLA SCHOLZ, 1412 Salisbury Street, St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in the Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exercises a restorative influence of the most desirable character, correcting the trouble in a gentle but efficient manner. This is noted, by the disappearance, one after another, of the disagreeable symptoms.

WARNING! Say "Bayer" when you buy Aspirin.

Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Accept only "Bayer" package which contains proper directions.

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid
